Radiant Reviews Have Us Walking on Sunshine

This month we're shining a spotlight on our customers and what they're saying about CVP products! Hearing the positive feedback and the life-changing differences that our products have made in the lives of our customers creates our passion to burn stronger. This is the driving force behind what we do.

"I was in excruciating pain and could hardly get out of bed most days. With just a minimal amount, I am now able to function in my daily life."

-Kathy L.

"I use the roll-on for targeted pain from tendinitis, stretched ligaments, degenerative disc disease, bee stings, & fire ant bites. It promotes FAST healing!"

-Beth S.

"I cannot start my day without the nano blend. I've never been more focused."

-Blair B.

"These gummies have helped with my anxiety and depression greatly. I have been able to significantly decrease my prescribed pain meds due to your products."

-Anonymous

"I had a surgery that had gone wrong and was being prescribed 160 Vicodin per month. Since I've been using CVP products, I am down to zero." -Mona

Selling Solutions at the Salon

Picture this screen
in your salon
or business!

Cedar Valley's new Salon Project provides informative screen displays to salons selling CVF products to help educate clients on product details. This entertaining and educational resource allows staff to remain confident in what they're selling, increases sales smoothly, all while the stylists remain focused on their salon priorities.

Attractive images & graphics seen at checkout can spark clients' interest in the CVF products sold in your salon, which helps generate easy sales.

Engaging material and real product reviews are entertaining while waiting and can initiate productive and educated conversation at the chair.

Continual product info cycling through the screen during appt alleviates pressure from the stylist so she can stay focused on her client.

Consider Dad's Day Shopping a Done Deal!
