- Poison Ivy**

CBD to the Rescue!

Our Relief Topicals & Roll-Ons have a high percentage of CBD, which can help soothe and calm the skin with its anti-inflammatory properties. CBD can also reduce redness, inflammation, & itchiness from sunburn, prolonged sun exposure, stings, bites, reactions to poison ivy or other skin irritants.

Cedar Valley Farms' CBD Body Lotion contains CBD, Retinol, and Hyaluronic Acid.

Retinol can stimulate collagen, which is often decreased from sun damage; this can promote a more youthful appearance.

Hyaluronic Acid attracts and retains moisture often lost from sun damage. HA helps to hydrate and plump the skin, which can reduce the appearance of fine lines and wrinkles.
