## What to think about when shopping for Christmas gifts for wine

- Here are a few things to consider when shopping for the best Christmas gift for a wine connoisseur:
- **Preferences.** This may seem an obvious one to point out but, whenever it comes to shopping for Christmas gifts, remember to think about your recipient's personal preferences. There's no point in buying them a bottle of your favourite Chardonnay when they usually prefer a Malbec. Personalise the gift by paying attention to what they usually drink.
  - **Budget.** Think about how much you want to spend on a person and search for something within that price range. There's no point stretching your budget unnecessarily. If you can't afford that perfect bottle of wine, why not consider glassware or a quirky bottle opener instead?
  - **Coupon codes.** It goes without saying that here at Finder we specialise in tracking down the very best deals. If you're planning on purchasing a wine gift this Christmas, be sure to check out our [food and drink hub](#) first and
