

## Wall Mounting Guide

1. Choose your frame orientation and rotate this sheet right-side up.
2. Place this sheet on the wall where you want the frame wall mounted.
3. Mark on the wall with a pen at the 2 cross-marks based on your chosen orientation.
4. Drill 2 M4 screws (included) into the 2 marks on the wall.
5. Refer to the Quick Start Guide to complete your wall-mount.
