

BLOOMROOM NURSERY

The Bloomroom Nursery tents have been specifically designed for areas where space is limited and creating a perfect environment for the growth of seedlings and young plants.

The tents benefit from having the same material quality and pole strength as the existing Bloomroom range.

The Nursery Propagation tent benefits from versatile removable shelving allowing for both single and double height growth, if required.

Bloomroom - simply a better tent

BLOOMROOM ATTIC

The Bloomroom Attic tents have been specifically designed with an angled roof to fit within a loft area.

Made to the same exacting standards as the existing Bloomroom range with features such as uplift bars, metal corners, numerous access ports and many more. With its 1.8m height and multiple access doors it is ideal for rooms with limited space.

Bloomroom - simply a better tent

BLOOMROOM TOWER

Century Grow Systems launched the Bloomroom Tower range as an alternative to the standard height tents. The Bloomroom towers come in at an impressive 2.35m in height. The additional headroom provides extra space that results in a significant drop in the overall room temperature – “the bigger the room, the cooler it runs”.

The Bloomroom Tower range also allows growers to use systems such as the Atami Wilma, plus our brand new Bloomroom Flexi Systems. The extra headroom allows plants to thrive. The Bloomroom Towers are in a league of their own, whilst maintaining all the key features that customers have come to expect from the Bloomroom brand.

Bloomroom Tower Tents

BRT Standard - 1.2m x 1.2m x 2.35m

BRT Large - 2.4m x 1.2m x 2.35m

BRT XL - 2.0m x 2.0m x 2.35m

BRT Jumbo - 2.4m x 2.4m x 2.35m

BRT Giant - 3.0m x 3.0m x 2.35m
