There's no shortage of good restaurants in the Hamptons. But if you're hoping to sample the farm-fresh produce synonymous with the east end of Long Island, sometimes you need to dig a little deeper. With that in mind, we asked food stylist and cookbook author **Susan Spungen**, who helped create the mouthwatering food moments in movies like *Eat, Pray, Love* and *Julie & Julia*, for her favorite spots to enjoy a locally grown meal. ## HIGHWAY RESTAURANT & BAR

"The latest incarnation of this spot on the highway in Wainscott is serving fresh and healthy fare in a relaxed setting. They also have a lovely outdoor seating area where you can have a drink while you wait for a table."
