Intro

We love bakers. They're skilled craftspeople and creatives. They're an integral part of our communities and our nation. And they're part of a long line, representing one of the oldest professions.

Whilst humble, bakers are rightly proud of their art, of the profession they represent and of the difference they make. Their legacy is the joy of a celebration cake. The satisfaction of hearty food. The pleasure of indulgence.

Founded in 1932, BFP is also a long-standing part of the bakery profession and we too are proud of that.

We're here to help bakery flourish. You could say we're the yeast in the dough. We provide bakers with the materials and inspiration they need to practice their craft. We help them to create successful businesses and delight their customers. Ultimately, we play a part in creating those special moments that bakery brings.

The BFP difference

Thousands of customers choose BFP. Why? They tell us it's because of range, service and value.

Range

BFP provides a one stop shop for all of your bakery ingredient needs. Our range features over 800 ambient, chilled and frozen products. From core essentials to specialist ingredients, traditional favourites to the latest innovations, we supply all the leading brands.

Service

We couple this broad range with a great service. In a recent survey, 9 out of 10 customers would recommend us to a friend or colleague.

Our BRC accredited depots with over 230,000 square feet of chilled, frozen and ambient storage space mean that we have the products you need, available when you need them.

Our wholly owned fleet of vehicles coupled with the latest distribution technology gives you peace of mind that your order will be delivered on time and in full. In fact, BFP boasts an industry leading 98.7% on-time, in-full delivery performance.

We know how busy you are and therefore offer a variety of ordering options to make the process as effortless as possible. Order online 24/7 or call our friendly team 8am – 5pm five days a week (or if you prefer, they'll schedule a weekly call at a time convenient to you).

Value

All that and outstanding value too. Our range offers everyday value across all products and our clear and simple discount policy means the more you buy the more you benefit.

Self raising flour			
BFP Self raising white flour	FLR00026	16kg	
BFP's self raising flour is a mixture of finely milled British wheat flour and two raising agents - calcium phosphate and sodium bicarbonate. These added raising agents give a light fluffy texture to cakes, cupcakes, muffins and scones.			
Doves Farm Gluten free self raising flour	FLR00186	25kg	
A blend of naturally gluten free ingredients, use this flour as an alternative to self raising flour made from wheat.			
Doves Farm Organic self raising flour	FLR00176	25kg	
Finely milled, organic flour with added raising agents for perfectly risen sponges and cakes.			
Plain flour			
BFP Plain white flour	FLR00025	16kg	
Our millers use soft wheat varieties to produce this plain white flour. This gives it a low gluten and protein content making it perfect for biscuits and pastry.			
Doves Farm Organic plain white flour	FLR00173	25kg	
This organic plain white flour from Doves Farm is a fine white flour for pastry, biscuits, scones, pancakes and sauces. Soil Association and Kosher Certified.			
Doves Farms Gluten free plain white flour	FLR00177	25kg	
This gluten free plain white flour from Doves Farm is a blend of naturally gluten free ingredients (rice, potato, tapioca, maize, buckwheat), and is a perfect alternative to everyday wheat flour.			
Bread flour			
BFP Bread flour	FLR00049	16kg	
Bread flour is a high-protein flour that typically contains between 12 and 14% protein and is designed for baking yeasted breads. The high protein content means that bread flour has more gluten in it, which makes the dough more elastic and light and results in a chewy and airy texture when baked. Suitable for bread machines and hand baking.			
Doves Farm Organic strong white bread flour	FLR00178	25kg	
Perfectly milled, organic, white flour ideal for bread making, rolls and sourdoughs.			
Doves Farm Gluten free white bread flour	FLR00191	25kg	
Blended from naturally gluten free ingredients use this flour as an alternative to bread flour made from wheat.			
Bakers strong flour			
BFP Canadian strong white flour	FLR00048	16kg	
This flour is perfectly suited to long fermentation breads and sourdoughs, although it can also be used for baking yeasted loaves. The natural strength of the wheat protein helps the dough remain in prime condition.			
BFP Strong white flour	FLR00045	16kg	
To produce strong flour (sometimes referred to as bread flour) our millers use hard wheat varieties to create a high gluten flour which is more elastic than standard flours and causes the dough to rise with good structure. The high gluten content of this strong white flour makes it perfect for making white breads and rolls.			
Rice flour			
Rice flour	FLR00005	25kg	
This rice flour is a completely natural, easy-to-digest flour that can be used in baking or as a thickener in recipes.

Fondants & ready to roll icings

Fondant			
BFP Fondant	SUG00457	12.5kg	
BFP Fondant icing is a baker's favourite. Made with dried glucose syrup for a smoother, glossier finish. It is used primarily in the production of fondant confectionery and filling for cakes, pastries, candies and sweets.			
British Sugar Celebration dry fondant Icing sugar	SUG00098	20kg	
British Sugar homegrown DF icing sugar is a premium superfine fondant icing powder with added glucose. The superfine particle size gives a high surface gloss and soft smooth texture to icings, particularly at low temperatures. Carefully milled to give a consistent texture every time, it performs well in soft eat icings such as fondant toppings, fudge icings and buttercreams. Cold or hot water make up.			
Sudzucker Ready-to-use white fondant icing	SUG00902	12.5kg	
This white fondant icing is ready to use on cakes, pastries, doughnuts, biscuits, petit fours, chocolate and confectionery. It has a glossy white finish, sweet taste and smooth texture. As the world's largest producer of sugar based ingredients, Sudzucker has developed this white fondant icing with the professional baker in mind. It has been formulated from quality sugar beets and glucose syrup using a process that gives the end product the functionality that professionals expect.			

Renshaw | Ready to roll icing | Pack size 12x250g

Available in 18 colours, this icing is both super pliable and strong meaning you can shape it into just about any shape imaginable. Renshaw icing is great to work with too as it stays supple hardening only once left to set. Each case comes with 12 individually wrapped 250g packs. To use, dust the work surface down with icing sugar, knead the icing and then roll it out to the desired thickness. Store in an airtight container between uses to keep it in perfect condition.

There are so many types of chocolate, and they all have very different applications.

Bakestable chocolate:

Usually available in Chips (grains) and Chunks, bakestable chocolate can withstand high temperatures and will hold more of its shape when baked. This means it is perfect for including in Cookies, Muffins and Cakes mixes. They are also delicious as atopping/decoration on baked goods.

Chocolate flavoured coatings/compounds:

Compound chocolate and chocolate flavoured coatings are a cheaper alternative to real chocolate. They are made from vegetable fat and cocoa powder. (As opposed to real chocolate which is made from cocoa mass and cocoa butter) Unlike real chocolate, there is no need to temper compound Chocolate.

Enrobing (couverture) chocolate:

Usually available in buttons, or callets. Enrobing is a process that involves covering or coating a product with chocolate. Enrobing Chocolate or Easy Melt chocolate as it is also known, is formulated to melt and pour smoothly. Enrobing Chocolate performs best when tempered (either in the microwave, or using a tempering machine). Once melted it is perfect for adding to a cake mix such as a Brownie, or for dipping or pouring over baked goods or confectionery.
