Product Details

1 Crystal Shell pendant resting on a metal part connected to the back plate.

The back plate has solid metal decorative detail on top and bottom.

Hand-made blown glass, in abstract designs or solid colors. The masterful creations feature unique textures, color gradations, and varying levels of transparency that tell a different story every time you look at it.

As all of our items are hand-made, sizes are approximate. Variations in size, color, shape and texture (including but not limited to fissures, bubbles, crackling, and crazing in the glass) are inherent to all of our glass.
