### Product Details

Helyce is crafted from a Kadur pendant on your selection of light-up base. Choose to fill your Kadur with drizzled glass fibers or opt for a frosted inner orb within a pristine, outer glass sphere.

Whether you'd like a Black Marble or White Onyx base or a brass or silver chain, you may customize your fixture to fit your space and your style. Helyce features state-of-the-art, no-touch technology; dim the light simply by raising your hand up and down above the switch.
