monopoint gripper

Product Details

Each Tamar Wand pendant is a horizontal tube, covered in drizzled ropes of glass, contrasted by sleek metal hardware.

Wires are adjustable - even after installation - and come standard at 6 feet long. Pendant can be hung horizontal or Angled, depending on your preference.

Each fixture included : transformer , lightbulbs and up to 6ft adjustable wires.

As all of our items are hand-made, sizes are approximate. Variations in size, color, shape and texture (including but not limited to fissures, bubbles, crackling, and crazing in the glass) are inherent to all of our glass.
