KEY INGREDIENTS	FUNCTION
Organic Coconut Oil	Used in many skincare products for its anti-fungal, antibacterial, and moisturizing properties.
Dimethyl Sulfone (OptiMSM)	A compound famous for helping with stiff joints and muscles, inflammation, and strengthening keratin, the skin's key structural protein.
Tetrahydrocurcuminoids	A colorless extract of curcumin, which is derived from turmeric. Protects the skin from free radical damage as a powerful antioxidant.
CBD	CBD's wide range of benefits includes your skin! CBD can help with joint pain, skin elasticity, and topical inflammation.
BioCx	Our proprietary complex that delivers molecules with low bioavailability to the body in a way that enhances absorption.
