ENGLISH ALE

Tradicionalna zvrst angleškega piva, cepljenega s štirimi hmelji iz Savinjske doline. Slovenski Anglež torej, karamelen v prvem požirku, takoj zatem zeliščen in s cvetličnim pridihom. Ker gre za pivo, ki spoštuje tradicijo zvrsti premium bitter ale, ima blag okus in telo, nizko alkoholno stopnjo ter opazno nižjo vsebnost CO₂ in zatorej manj mehurčkov.

We crafted this traditional English beer with 4 different hops from the Savinjska Valley in central Slovenia. The initial caramel flavor is followed by a gentle herbal and flowery aftertaste. This brew honors the tradition of the premium bitter ales with a refreshing smooth taste, light body and low alcohol content. It also has a significantly lower carbonization or CO₂ content.

Alk. / Alc. 4,4% IBU 36

PALE ALE

Klasično ameriško obarvan pale ale, ki zaradi nižje alkoholne stopnje sodi med lahkotnejša piva. Nasprotno pa pokaže mišice v aromi in okusu, kjer srečamo vrsto tropskih sadežev in opazno noto citrusov. Pookus je suh z zmerno grenkobo in zmerno karbonizacijo.

A classic Pale Ale with an American twist. The low alcohol content makes it a lighter, very drinkable beer. In contrast, it is strong in aroma and taste with hints of tropical fruits and noticeable citrus. The aftertaste is dry with moderate bitterness and mild carbonization.

Alk. / Alc. 4,9% IBU 45

AMERICAN IPA

Gre za klasični ameriški India Pale Ale, kjer je poudarek na hmelju – pivo ga vsebuje kar sedem različnih vrst. Že sam vonj - tropsko sadje v podpori citrusov in rahlih borovcev - vam bo razkril okus piva, ki se zaključi z dolgo in intenzivno grenčico.

Classic American India Pale Ale where the emphasis is on the hops. It contains seven different varieties. The aroma of tropical fruits with hints of citrus and pine reveals the beer's taste which is completed with a long and intense bitterness.

Alk. / Alc. 5,9% IBU 60

GOLD ALE

Lahkoten Gold Ale je prava oda novemu valu slovenskih aromatičnih hmeljev. Pivo navduši s svojo svežino in nezgrešljivim pečatom hmelja, ki spominja na okus tropskih sadežev. Hmelji pustijo blag, sladkobno maslen pookus, ki pa ga uravnoteži precej jasno izražena grenkoba.

Our Gold Ale is a tribute to the new breed of Slovene aromatic hops. It will impress you with its freshness and its unforgettable mix of hops that will invoke tastes of tropical fruits. The hops leave a mild, sugary aftertaste that is nicely balanced with a noticeable bitterness.

Alk. / Alc. 4,4% IBU 50

PORTER

Tradicionalno temno angleško pivo s pridihom slovenskega hmelja bobka. V vonju in okusu srečamo karamelo, temno čokolado, oreščke in praženo kavo. Kljub temu pivo ni težko, ima nižjo stopnjo alkohola in karbonizacije ter je primeren za uživanje ob hrani, predvsem mesni.

Traditional English dark beer enlivened with the Slovene hops Bobek. On aroma and taste one can detect caramel, dark chocolate, nuts and roasted coffee. Regardless, the beer is lighter with a low alcohol content and low carbonization. It washes down nicely especially with meaty foods.

Alk. / Alc. 4,7% IBU 30

BELGIAN QUADRUPEL

Najmočnejše trapistovsko pivo, ki s svojo temno rdečo vinsko barvo očara že na prvi pogled. Izrazit vonj po sladu in žametna paleta arom v spomin prikličeta temno suho sadje, oreščke in karamelo. Zaradi višje stopnje alkohola in pogumne aromatike se lepo poda k težji hrani in se postreže nekoliko manj ohlajeno (12-15 °C).

The strongest of the trappist style beers will impress you with its dark bordeaux color and explicit aroma of malted barley. The complex collection of smells and tastes reminds of dry fruits, nuts and caramel. With a higher alcohol content and brave aroma, this beer pairs exceptionally well with hearty food. Serve between 12 and 15 °C.

Alk. / Alc. 8,8% IBU 16

IPA

s smrekovimi vršički / with spruce tips

Da bi dodatno oplemenitili naš klasično ameriško obarvan India Pale Ale pivo, je ekipa LOO-BLAH-NAH ročno nabrala smrekove vršičke po ljubljanskih parkih in z njimi začinila to pivo. Vršički poskrbijo za dodatno aromo in okus, ki spominjata na gozdno sadje s smolnatim pridihom.

The LOO-BLAH-NAH brew crew handpicked spruce tips in Ljubljana's parks to add extra aroma and flavor to our classic American style India Pale Ale. The spruce tips with their uniqueness remind of forest fruits with a slight resin aftertaste.

Alk. / Alc. 5,9% IBU 60

CIDER

Tradicionalni angleški cider z občutno kislobo in trpkostjo, ki mu jo dajejo gorenjska jabolka. Gre za povsem naravni cider brez kakršnihkoli dodatkov ali sladil. Vonj je tipično jabolčen z blagim pridihom vanilje, ki se nadaljuje v okus z lepo zaznavno sladkobo. Zaključek je trpko kiselkast z izrazito karbonizacijo.

A traditional English Cider with an intense acidity and uniqueness that derives from apples grown in the Slovene region of Gorenjska. It is completely natural with no additives or sweeteners. The aroma is typically apple with a mild touch of vanilla that extends into the taste with a pleasant sweetness. The final aftertaste is sour with a memorable and significant carbonization.

Alk. / Alc. 5,4%
