

Safely Cross the River Starting/Scoring Positions

The intent of this document is to show a close-up view of the mission object's "Starting" and "Scoring" positions in support of the Ua Hala Ka Hala Island Adventure Challenge's videos and documents, and the General Rules.

Starting Position

At the Start of the Match, the Bridge will be found in the Safe Zone.

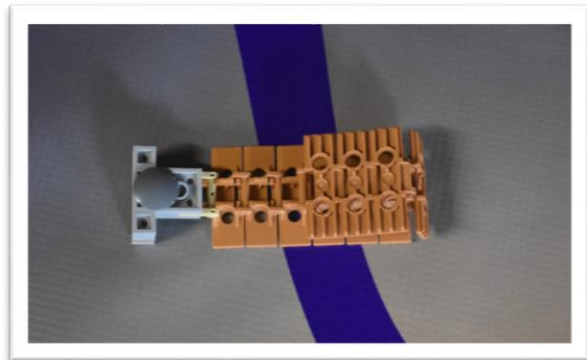

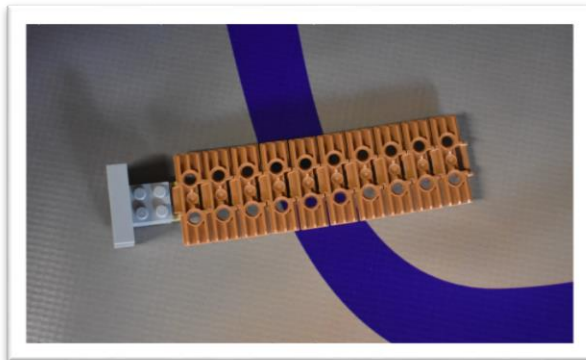

Scoring

The robot must be programmed to position the Bridge such that the Bridge, touches land on both sides of the river.

The Bridge must be touching the mat to score.

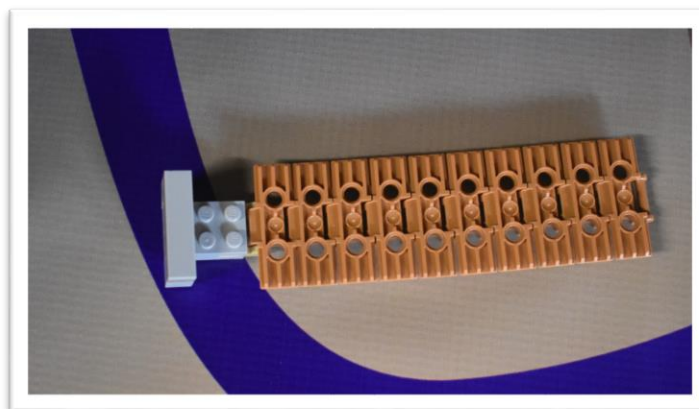

Notice: The intent of this mission is for the Bridge to cross the blue area of the river, with parts of the bridge touching the land areas on both sides of the river.

The Bridge consists of all LEGO pieces included in the mission object.
