

Save the Plane from the Reef Starting/Scoring Positions

The intent of this document is to show a close-up view of the mission object's "Starting" and "Scoring" positions in support of the Ua Hala Ka Hala Island Adventure Challenge's videos and documents, and the General Rules.

Starting Position

The Plane will be positioned on Line 0 as pictured at the Start of the Match.
Program your robot to reposition the Plane to another Line.
Higher the Line, higher the score.
The Plane must be touching the Line to score.

Scoring

Touching Line 1

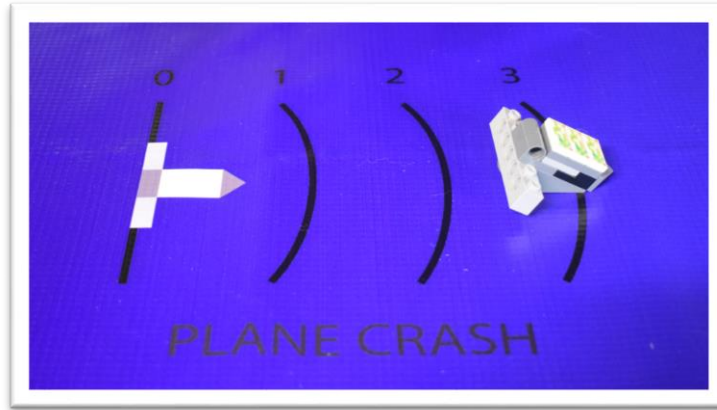

20 Points

Touching Line 2

30 Points

Touching Line 3

40 Points

No Score

Not Touching Line
