

Quench your Thirst **Starting/Scoring Positions**

The intent of this document is to show a close-up view of the mission object's "Starting" and "Scoring" positions in support of the Ua Hala Ka Hala Island Adventure Challenge's videos and documents, and the General Rules.

Starting Position

At the Start of the Match, the Water will be placed on the Water outline on the mat.

Scoring

The robot must be programmed to collect the Water and reposition the Water to the Campsite.

Partially or Completely in the Campsite will score.
Touching or Not Touching the mat will score.

The referee will look “down, from above” to confirm the Water is “in” or “out” of the Campsite.

25 Points
