1. Testing

AT&T performed applicable testing on the Product (the "Testing"). This includes testing for:
• Negative impacts on AT&T's wireless network.
• Baseline regulatory confirmation.
• RF testing against components in the wireless AT&T network.
• Network selection testing.

2. Testing Results

The device under test was not observed to cause any adverse problems to the AT&T network when activated and used in the lab. The device under test is certified for both CS and PS services (as applicable). Any change to the mode of operation invalidates the AT&T Certification.

3. Limitations

Because of the limited scope of the Testing, AT&T does not make any representations regarding any feature, function or other characteristic of the Product not described herein, including, but not limited to, the following:

1. Data throughput performance.
2. Voice quality performance.
3. Manufacturing/assembly issues.
4. RF Parametric performance beyond PTCRB testing.Voice and Data interaction handling.
5. Consumer handset-based features including Java applications, MMS, SMS.
6. System, component level, or application level security performance.
7. Ability to make Emergency calls (for example to 911) as this is the responsibility of the manufacturer to test and meet the emergency location requirements.

Manufacturer will not identify AT&T or its Affiliates in any advertising, sales material, press release, public disclosure or publicity without prior written authorization by AT&T

Furthermore, AT&T does not make any representation or warranty, express or implied, to any person or entity, including, without limitation, any warranties regarding the performance, desirability, merchantability, suitability, originality, quality, fitness for a particular purpose or otherwise (irrespective of any previous course of dealings between the parties or custom or usage of trade), with respect to the Product. Device Manufacturer may not make any representation to any third party inconsistent with the terms of this Notice.

1. **Beijing Inhand Networks Technology General Indemnity Obligations.** Beijing Inhand Networks Technology as Indemnifying Party, will defend, indemnify and hold harmless AT&T, and its Affiliates, directors, officers, and employees from and against any and all third-party claims, including but not limited to End User claims, causes of action, demands, liabilities, damages, losses, judgments, settlements, costs and expenses, including punitive damages, court costs, and reasonable attorneys' and expert witness'
