

BANGLE SIZE GUIDE

Measuring the inner diameter of one of your own bangles is a good way to determine your correct bangle, cuff, or bracelet size.

Use the chart alongside to find your bangle size.

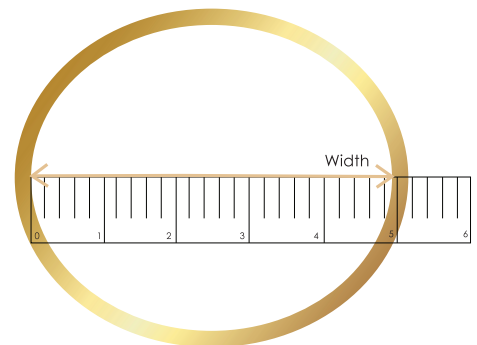

SIZE (ANNA)	DIAMETER (MM)
2-0	50.80
2-1	52.40
2-2	54.00
2-3	55.60
2-4	57.20
2-5	58.70
2-6	60.30
2-7	61.90
2-8	63.50
2-9	65.10
2-10	66.70
2-11	68.30

HOW TO MEASURE YOUR OVAL BRACELET

Measuring one of your own favourite fitting (oval) bracelets is the best way to determine your correct bangle size.

Please follow the instructions down below:

1. With a ruler, measure the widest part of your oval bracelet to find out its width.
2. To further measure the height of the bracelet, put the ruler perpendicular to the width of the bracelet.

Note: Measurements are taken from the inner rim of the bracelet.
