

**TO WHOM IT MAY CONCERN**

WE HAVE LIVED IN DARWIN FOR SOME THIRTY YEARS AND HAVE HAD AIR- CONDITIONING IN OUR HOME ONCE, NOT THIS HOUSE IN JINGILI, BUT A CONCRETE ONE IN ANULA, JUST AFTER "TRACY" FOR ABOUT TWO YEARS. THIS WAS FOUND TO BE TOO EXPENSIVE AND WAS REMOVED. WE THEN MOVED BACK INTO OUR HOME AT JINGILI AFTER IT WAS RE-BUILT.

AT THE 1994 SHOW I SPOKE WITH THE PEOPLE FROM "TILE BRITE" ABOUT HAVING THE ROOF TREATED AND SAID "I WOULD THINK ABOUT IT."

IN 1995 AT THE ROYAL DARWIN SHOW, AGAIN, I HAD A TALK WITH THE PEOPLE AT "TILE BRITE", RE: HAVING THE ROOF OF OUR HOME TREATED WITH THEIR PRODUCT. THIS HAS BEEN DONE TO THE ROOF OF OUR HOME AND THE FIRST THING WE NOTICED, WAS THE DRAMATIC DROP IN TEMPERATURE INSIDE THE HOME, I.E. ABOUT 6 - 8 DEG. C. TO GO WITH THIS, IS A DROP IN SOUND PENETRATION VIA THE ROOF, THAT IS, THE NOISE LEVELS DROP AND THE HOUSE BECAME QUIETER. I WOULD RECOMMEND THIS TREATMENT TO ANY PERSON ANYWHERE IN AUSTRALIA, IN PARTICULAR THE TROPICS.

THIS REFERENCE IS GIVEN FREELY AND WITHOUT ANY ATTEMPT OF GAIN.
