ATTENTION: MR GARY ALLSOPP

Dear Gary,

The job of encapsulating the 1948 vintage deep six asbestos cladding on our storage building can only be described as an outstanding success.

The professional manner in which your people tackled this difficult application was first class.

We were impressed with the clean up and tidy appearance you left our site in after the encapsulation was completed.

Please pass on to the members of your staff our thanks for a job well done with a minimum of fuss.

Yours sincerely,

Mel Herbert
Engineering Manager
