19th November 1993

Dear Gary

Just a short note of thanks regarding the repair work to our roof.

After being given the run around by some of your competitors it was pleasing to eventually find you. I was very impressed by the "Hands on" service displayed by Tile Brite.

The professionalism displayed by all employees from the initial contact through to the final coating was exceptional. I certainly would not hesitate in using any of your services again should the need arise.

I would be more than happy to recommend you to anyone contemplating using your company.

Thank you once again.

Yours sincerely

Ian Parry  
STORE MANAGER
