

Quality You Can Count On

Jungle Jim's Accessory Products, Inc. started with the Jungle Wheels, which led to the incorporation of JJAP on August 16, 1993. Today, offering a full line of accessories, Jungle Jim's prides itself as one of the leading manufacturers of accessories for the commercial lawn industry.

JJAP sells all products by means of two-step distribution. Distributors are set up to cover certain areas of the United States and abroad. Jungle Jim's Accessory Products, Inc. is working to be known as a name synonymous with quality and innovation in the commercial lawn industry. This would not be possible without you, the customer.

Throughout our company history, your comments, support and patience has made all the difference in our success.

We invite and encourage these suggestions as they continue to be the corner stone for our future. As a commercial landscaper myself, nothing is more satisfying than the approval of my peers for the products I sell.

We will continue to work hard to explore new and innovative products with quality that you the customer can count on. I want to personally thank you for your encouragement and support through this journey.

Sincerely,

Jim Hafendorfer
President and Chief Executive Officer

Compression Pin

Spool Line Holder

Locking Bar

Tool Rack - Item # TR-TOOL

Mower Trimmer Rack - Item # MTR

Zero Turn Trimmer Rack - Item # ZT-TR

Mower Trimmer Rack

- Secures one trimmer to a walk behind, stand on or zero turn mower
- Increase efficiency by having your trimmer within reach
- Can be locked to deter theft (padlock not included)
- Compression pin design prevents spinning during transport

Zero Turn Trimmer Rack

- Mounts 1 trimmer to 2" roll bar of zero turn mowers
- Have trimmer within reach while you cut
- Adjustable settings for a customized fit
- Quick clamp secures trimmer from spinning

Utility Vehicles

Our 1TR, 2TR, 1BH, HBH, Tool Rack, Cooler Holder, and Sprack can all be mounted to most Utility Vehicles without additional brackets. Other products such as the Jungle Sheath and Spool Mate Lite can be mounted if side walls are wide enough.

Wall Mount Kit

- Allows mounting of Trimmer Racks & Blower Holders in an enclosed trailer
- Blower Holders (#1BH & #2BH) require one kit
- Trimmer Racks (#2TR, #3TR, and #4TR) require two kits

Wall Mount Kit - Item # WM-KIT

BLOWER HOLDERS

TRANSPORT ACCESSORIES

Blower Holders

- Height adjustment allows blower to rest on the trailer rail, maximizing stability
- Can be locked to deter theft (padlock not included)
- Blower tube holder standard on both 1BH and 2BH
- 2BH includes a support rail for top blower
- One Wall Mount Kit needed to mount in enclosed trailer

1 Blower Holder
Item # 1BH

2 Blower Holder
Item # 2BH

ZT-BH Adapter

- Mounts a 1BH to a 2" roll bar of zero turn mowers
- 1BH sold separately
- Customized, snug mount to roll bar
- Please refer to page 3 to determine if your blower will need a special adaptor

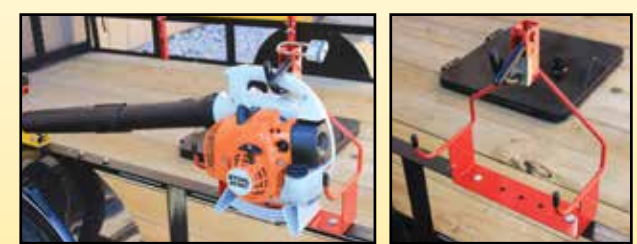

Item# ZT-BH Adapter

ZT-BH Adapter and 1BH

Handheld Blower Holder

- Secures one handheld blower
- Can be mounted in an enclosed trailer with one Wall Mount Kit
- Can be locked to deter theft (padlock not included)
- Bungee cord provided for additional support

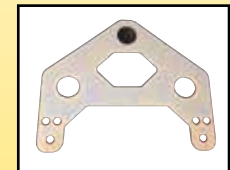

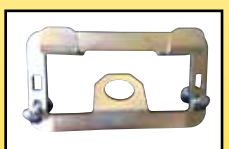

Handheld Blower Holder Item # HBH

Adaptors for Select Blowers

- Secures a 5 gallon cooler or a 5 gallon bucket
- Can be mounted on an open or enclosed trailer without an wall mount kit
- Can be mounted to trucks, some mowers, UTVs and more!

TRANSPORT LOCKDOWNS

TRAILER GATE ACCESSORIES

Fastrap

- Adjustable heavy duty 2" strap
- Faster than conventional straps
- Secures wheels from 8" - 27" in diameter
- Secure ATV's, Zero Turns, walk behinds ... just about anything with wheels
- One strap per set
- One strap will secure up to 800 pounds
- Two straps recommended for transport

Fastrap - Item FS-FASTRAP picture shown with two sets

Mower Holder Large/Spreader Holder Item # MHL-SPREADER

Mower Holder MH-SMALL

Mower Holder Large/Spreader Holder & Mower Holder Small

- Quickly and easily secure a mower or spreader for transport
- Front caster is driven into holder
- Adjust the amount of force applied to the tire using the ratcheting handle
- Holder can be quickly removed, leaving only the base plate when not in use
- MHL-Spreader fits front mower tires form 10.5" to 13" diameter and most push spreaders
- MH-SMALL – tire sizes from 8.5" to 10.5" diameter

Jungle Boot

- Secure a push mower during transport
- Adjustable to fit various tire sizes
- Can be easily mounted on either side of trailer

Small Jungle Boot - Item # JB SMALL

Rapid Latch - Item # RL-RAPID Shown with Gorilla Lift™

Shown with EZ Gate

Rapid Latch

- Increases efficiency and security
- Can be mounted to open the gate from either the passenger or driver side for greater convenience
- Can be locked with a single padlock (padlock not included)
- Ergonomic – one pull allows both sides to be released simultaneously
- Works in conjunction with Gorilla Lift™ or EZ Gate (not required)

Gorilla Lift™

- Raise & lower trailer gate with ease
- Two-sided for durability and strength
- Prevents tailgate warping and premature hinge failure
- Reduces accidents and injuries
- Virtually eliminates the weight of most tailgates
- When properly set, most tailgates will stay in any position
- Adjustable for different tailgate weights and sizes
- Fits most open utility trailers with 1-2 ft. side rails and 4-6 ft. tailgates

Gorilla Lift - Item # GORILLA

TRAILER MATE PRO

YOUR COMPLETE STORAGE SYSTEM

Trailer Mate Pro - Item #TRM-PRO

Basket height allows for maximum use of trailer floor space by allowing storage of riding mower(s) under the unit

- Holds 2 backpack blowers, 3 trimmers, and a 5 gallon water cooler
- Ample basket space allows for storage of gas cans, air tank, oil, and other miscellaneous items
- Secure all equipment and items stored in the basket with the heavy duty aircraft cable and three padlocks (not included)
- Fits inside trailer widths ranging from 4' 10" to 6' 11"
- Optional Tool Rack secures up to 5 yard tools and 4 hand tools

Trailer Mate Tool Rack - Item #TRM-TOOL

Support brace for blower tubes

Stores and secures equipment on sides of the trailer

Spring lock to secure trimmers

Easy access to essential items

Trailer Mate Step - Item # TRM-STEP

- Optional Trailer Mate Step allows easy access to items stored in the basket

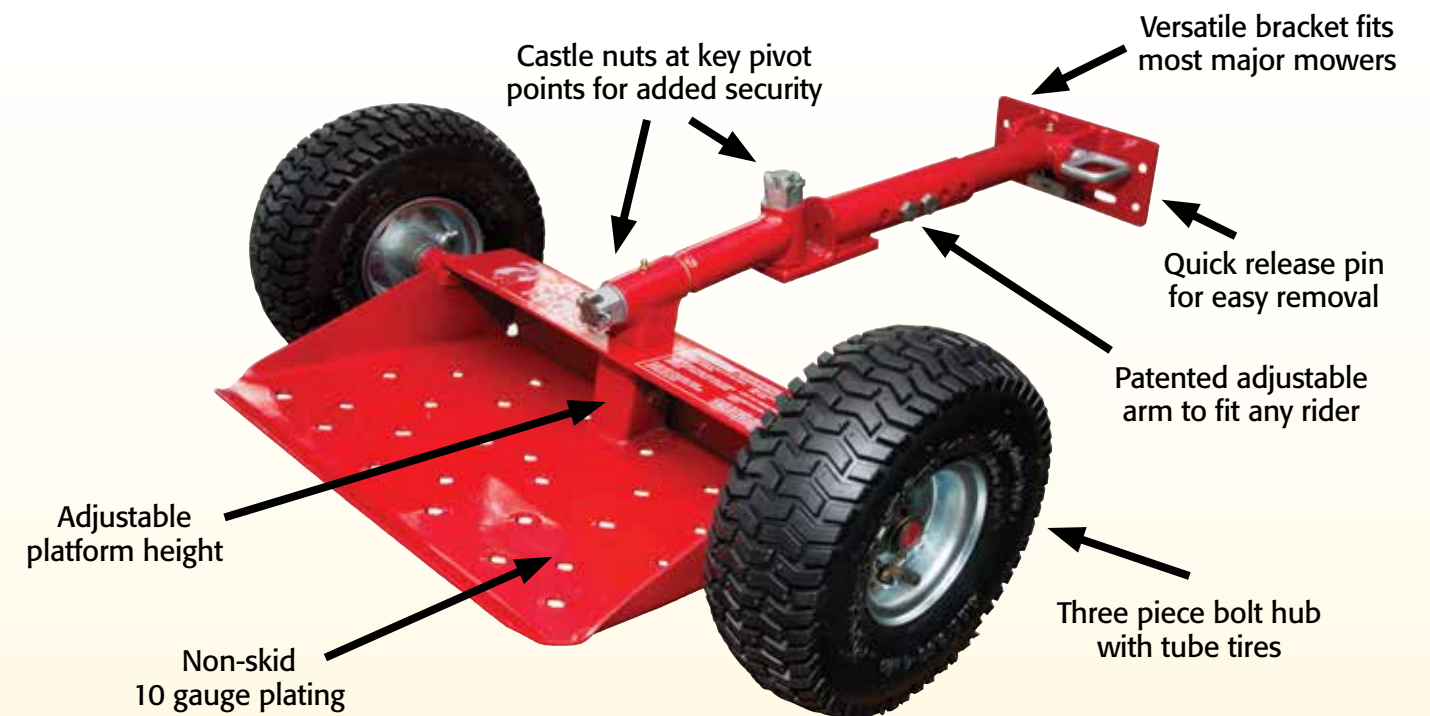

JUNGLE JACK

JUNGLE WHEELS

- Constructed of steel channel for durability
- Lift virtually any size commercial mower and some residential mowers (up to 800 lbs.) from the front or rear
- Large tires & foot assist makes lifting easier on back & arms
- Lifts mowers approximately 19" off the ground
- Once lifted, a cotter pin locks the safety arm to keep equipment in a safe position
- Comes with a standard 2" tooth to grip mower deck baffle
- Optional 3.5" tooth can be purchased for mowers with a wider baffle
- Please carefully read instructions and follow all warning labels on product

Jungle Jack - Item # JJ-Jack

Jungle Wheels - Item # JW BLACK or JW RED

- Two wheel design aligns tires with mower tires for even and simple striping
- Provides stability for the rider
- Reduces turf gouging
- Patented third pivot point and rear-weighted design enables a uniform cut across rough terrain
- Safely holds riders up to 300 lbs.
- Hook up feature comes standard and maximizes trailer floor space
- Choice of Red or Black

Some mowers require special adaptor brackets for mounting:

- Ferris – non-dual drive models
- John Deere – 7H17 & 7H19 models
- JW TORO16 – bracket is used for miscellaneous mowers with higher decks

*** Please check our website for updates or changes as mower models change periodically.**

Jungle Wheels - Item # JW BLACK
