SAY IT WITH HEARTS

The Valentine's Day Jewellery

Beautifully packaged, Estella Bartlett's Interlinked Hearts Stud necklace, makes the perfect romantic gift for Valentine's Day. Should you want to get a dainty pair of silver-plated interlocking hearts earrings to match, we sell those too.

MESSAGE IN A BOTTLE

Fill Up With Love
Our best-selling Chilly's water bottles are the epitome of an active urban lifestyle. Distinctive and lightweight, their double wall insulation maintains the temperature for hours, which means your drink will remain cold for hours. Best still, our beautiful Emma Bridgewater hearts edition happens to be in keeping with the Valentine's Day theme. It doesn't get better than that.

THE FOUR LETTER WORD

Love is Everywhere

With compartments for earrings, bracelets and necklaces, this mini jewellery box from Estella Bartlett - finished in an iridescent vegan leather with bold applique saying 'Love' in blush and coral - keeps everything organised when on the go. Talking of all things love, there is also a Friendship bracelet that features an adjustable red cord and delicate gold plated beads spelling out the word.

HEART-FELT CLOTHING

Dress for a Romantic Night In
When you have Valentine's Day on the mind, a James Stewart Luxe Queen of Hearts hoodie makes the perfect top for a romantic night in. Made from cotton faced, super cosy fabric, this sweatshirt emblazened with a bold Hearts motif says all that needs to be said.

SAY IT WITH CHOCOLATE

The Edible Way to Someone's Heart
In the world of eco-friendliness, Love Cocoa has already carved out a reputation for themselves in thoughtful chocolate making. Therefore it makes sense that their delicious truffles and salted caramel almonds makes the best ever edible Valentine's gift.

WEAR HEART ON SLEEVE

Comfort & Romance in One
Stickily firmly to the Valentine's theme, Stripe & Stare's Sweetheart Pyjama Set makes the perfect gift, just for the heart print alone. Made from soft cotton modal, these pyjamas will also keep you cool and comfortable all night long.

LIGHT A FIRE
Keep That Spark Alive
Make a small but mighty declaration these luxury Love Heart Matches from British Letterpress company, Archivist.
