

Example: Blue team 1 in 45-degree formation. The rules do not allow for a 45-degree primary field of fire (shown here)

Proposal: Blue team 1, because of its formation, has two primary fields of fire: a “horizontal” (shown here), and a “vertical” (next page).

Proposal: “Vertical” field of fire. Since Red team 1 is closer than Red team 2, the blue team must fire at Red team 1.
