ALL YOU NEED TO KNOW ABOUT THE BIBLE

Commendations

'This superb series provides a set of quality tools, enabling every thoughtful Christian to know how to answer the Bible's critics and grow in their own confidence and appreciation of God's living and enduring Word. Packed with valuable factual information, detailed documentation, wide-ranging references and penetrating reasoning, not a sceptical stone is left unturned and not a critical argument goes unanswered.

Here is a comprehensive and greatly needed resource, which deserves to be required reading for every believer as we seek to live by God's inerrant revelation and present its message with authenticity to an unbelieving world. I could not commend the series more warmly.'

DAVID JACKMAN, *author, former President of the Proclamation Trust and founder of the Cornhill Training Course*

'A superb collection, readable and reliable, with lots of footnotes to check out the material presented. A terrific resource for both believers and those seeking faith. Students at Moorlands will love this series. Highly recommended!'

DR STEVE BRADY, *Principal, Moorlands College, Christchurch*

'*All you need to know about the Bible* blends apologetics, history and biblical studies to produce this important and hugely enjoyable series. It provides the reader with a mental landscape within which a confident and intelligent love for the Bible can be nurtured. It is a tour de force and a marvellous gift to the church in our secular age. I could not commend it more warmly or enthusiastically.'

RICHARD CUNNINGHAM, *Director, Universities and Colleges Christian Unions*

'Accessible throughout, these comprehensive introductory accounts of Scripture will be of immense value to everyone who reads them. They go far beyond a simple introduction and probe deeply into the nature of the Bible as the faultless Word of God, considering and answering a full range of criticisms. Moreover, Brian writes in a manner that will benefit the newest Christian. I hope his work receives the widest possible readership.'

DR ROBERT LETHAM, *Professor of Systematic and Historical Theology, Union School of Theology, Wales*

'This series of attractive, accessible introductions offers a feast of wisdom and insight into the origins and accuracy of the Bible. When navigating the complex issues surrounding ancient texts and modern translations, here is an excellent place to begin—a helpful guide to the basics of history, archaeology and manuscript evidence. Most importantly, the series encourages us to delight afresh in the truthfulness, sufficiency and authority of God's Word. These volumes will be of assistance to every Bible student.'

Dr Andrew Atherstone, *Latimer Research Fellow, Wycliffe Hall, Oxford*

'The overwhelming strength of Brian's comprehensive series is that it provides ordinary Christians with confidence in the authority of the Bible. Brian has the skill to make this subject accessible without simplification or omission. What a great resource for Christians, equipping us to be on the front foot when it comes to defending the Bible against its many detractors!'

Adrian Reynolds,
author, local church pastor and Training Director of the Fellowship of Independent Evangelical Churches

'Each one of these books is a valuable guide to the teaching and historical reliability of the Bible. Together, the set builds a compelling case for the authority of Scripture as the very words of God with life-changing power. A wealth of material in readable style, it is a rich resource, giving fresh confidence in the reliability and authority of the Scriptures.'

Bill James,
Principal, The London Seminary

'Like a jeweller turning a diamond so that every facet flashes with light, Brian holds up God's Word so that its perfections shine. Although my views differ from his on Bible translations, these books serve well to answer helpfully numerous objections, confirm faith, and wisely guide in profitable reading of the Word.'

Dr Joel R. Beeke,
President, Puritan Reformed Theological Seminary, Grand Rapids, Michigan
