

SPRING SUMMER 2021 MENSWEAR COLLECTION

Leisure & Travel

The pleasure of wearing natural fibers can be a daily luxury. By dressing well and feeling confident, mixing sophisticated items with the comfort of sports outfits, an upscale "Colombo-style" leisure look can be achieved. The neutral refined colors and the various shades of blue and grey, in harmony with the nuances of the knitwear collection, offer endless combinations.

The jacket in pure cashmere 4.0, superfine and unlined, is the must have of the men's collection. Pea coats, bomber jackets and blazers in cashmere fleece are pleasant, practical and suitable for all occasions; these garments are a must in a man's wardrobe. The ever-present jackets in technical fabric seams become ultra-chic versions and are embellished with details in cashmere fleece.

Quilted vests complete the outerwear collection.

The knitwear collection, elegant and modern, is made with innovative stitches and combinations of refined colors. The sophisticated shades of blue and teal up to the essential colonial tones, offer a subtle play of colors which are repeated in the overlaps and enhance the precious yarns.

The essential crewnecks, polo shirts and v-necks in solid colors are also offered in twill open-work micro stitches.

Cardigans, crewnecks, polo shirts and v-necks in cotton, with vanisé waffle weave and jacquard tie-patterns are a refined addition for casual elegance. T-shirts in stretch pique cotton/linen, garment dyed, complete the knitwear collection.

A wide range of accessories in cashmere, cashmere/silk, linen/cotton, both in plain colors and fancies, enrich and complete the outfits.
