

Pump controls and accessories

Control module

The Control Module remotely switches pumps without controls and can be used in both positive and negative plumbing systems. The module incorporates run dry protection.

Part No	
41011	Control Model

Mounting pad

The mounting pad provides additional sound insulation further reducing the transfer of motor noise and vibration.

Part No	
27124	Mounting Pad

Lay flat hoses

Flexible and durable 32mm diameter PVC hoses designed for use with our Submersible pump range to transfer water.

Supplied with a connection kit, they are lightweight, weather resistant and completely collapsible when not in use.

Part No	
19965	5m length
19966	10m length

Floating switch

Simple to install, these switches are designed to control a pump to automatically fill or empty a water tank/cistern.

Available in 3 or 5 metre cable lengths.

Part No	
19500	3m Fill only
19501	5m Fill only
19638	3m Fill or empty
19639	5m Fill or empty

Float switch

The Float Switch is used to control a pump when filling or emptying a watertank/cistern. The switch position is adjustable along the float cord.

Part No	
26638	Float Switch

In-line strainers

Inlet strainers are standard within our Monsoon ranges, however we would recommend use of an in-line strainer with our Showermate ranges.

Part No	
15726	G 3/4 " BSP Strainer
16291	G 1" BSP Strainer

Tank flanges

Provide a dedicated hot water feed from the hot water cylinder to the pump, reducing the possibility of introducing air into the supply. The top entry flange allows 360° positioning of the pump connections for ease of installation. Whilst the side entry flange is a simple retrofit with minimal pipework changes required.

Part No	
27800	Stuart Flange Top Entry
27900	Stuart Flange Side Entry

Service kits

The lifespan of our products is second to none and come with industry leading guarantee periods. However, service kits are available for our Monsoon, Monsoon Extra, Flomate and Wasteflo ranges to further optimise their life cycle.

Part No	
28452	Monsoon standard ranges
28453	Monsoon universal ranges
28454	Monsoon extra S1.4 bar single
28455	Monsoon extra U1.4 bar single
28456	Monsoon extra U2.6, 3.6 & U5.0 bar
28457	Flomate ranges
28458	Wasteflo WC1, WC2 & WC3
28459	Wasteflo LS5

PumpAssist - service and support

PumpAssist is a dedicated and friendly team of highly trained and experienced technical experts who will assist you by:

Choosing **the right pump**

It sounds simple but making sure you have the correct pump for your application is of paramount importance, our team will help you specify the right pump for the job.

Installation **advice**

Having trouble, don't know where to start? Our team will be able to talk you through your installation – 90% of pump failures are down to poor installation.

FAQs and **troubleshooting**

As experts in our field we have an in depth knowledge of typical problems that may arise with our products and problems that occur due to incorrect installation. Simply download our guidelines or contact our PumpAssist team.

Find **the right spare parts**

You can order accessories, and service kits for our monsoon, flomate and wasteflo ranges directly from our website. Click on the 'where to buy' or call the team and they will be happy to help you find the correct parts and take your order.

Find a **local stockist or installer**

Finding a local stockist or installer couldn't be easier, just visit our website and enter your postcode and we will advise you of the nearest one in your area. Our extensive database covers the UK & Republic of Ireland, as well as considerable world wide coverage.

Contact an **approved service engineer**

In the unlikely event that things go wrong, we have approved service engineers available throughout the UK & Republic of Ireland. Our engineers receive comprehensive training on all our products so if you have any problems just call our team and they will put you in direct contact.

Register to become an **approved installer/stockist**

By registering your details with us, we can offer consumers the opportunity to locate an installer or stockist in their area. Registration is free, simply click on the 'register as' link from our website or scan the unique QR code which can be found on the back cover of this brochure.

Contacting **PumpAssist made easy**

We recognise that making a phone call is not always convenient. So we have added a dedicated PumpAssist 'Live Chat' function to our website. Simply click on the 'Live Chat' icon, ask a question and we will reply directly back to you. Available Monday - Friday from 9:00 - 17:00. We look forward to hearing from you.
