

# Digital Donations

## Money Spinner Australia

Increase Your Donations By  
Accepting Digital Donations.

### How We Help:

1. We Create Your Very Own QR Code That Takes Your Prospective Donor Directly To Your Donation Portal.
2. We Create A Poster That Is Completely Customisable From Colours Through To Branding To Match Your Organisation.
3. The Poster Is Created In A Custom Size To Match The Money Spinner Poster Holder Dimension.
4. Delivered Straight To Your Door.
5. Simple!

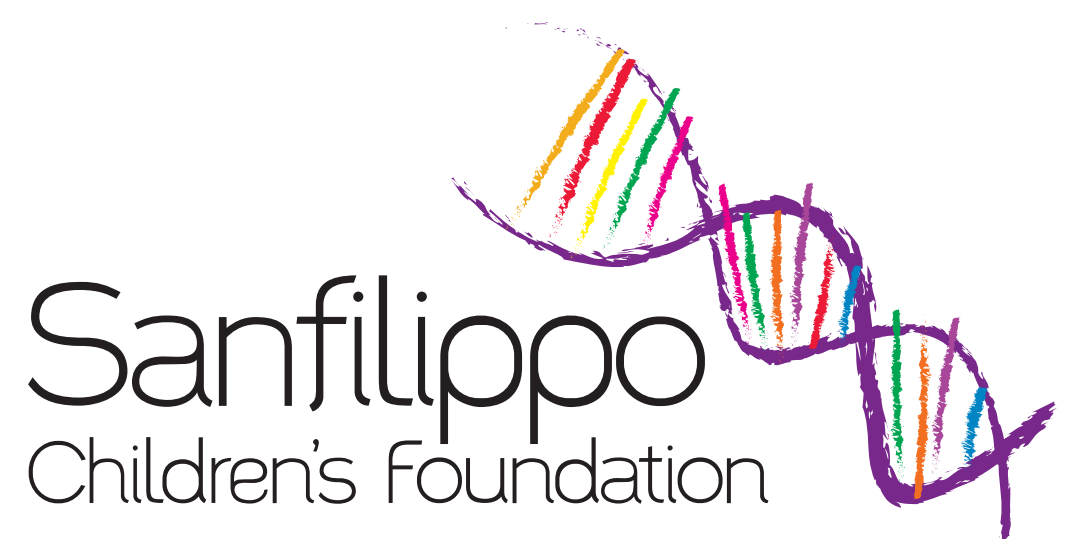

# Examples

Here are some examples we created for San Filippo Children's Foundation. We can use the same templates and replace the text, image and QR code for your own charity.

# Making a Difference, One Donation at a Time

## About Sanfilippo

---

Sanfilippo is a rare genetic condition that causes fatal brain damage. It is a type of childhood dementia and most patients never reach adulthood. But there is hope. Researchers around the world are working hard to find effective treatments. You can also help make a difference. Every Small Bit Counts
