FORMOA® colour matched adhesive/sealant developed more than 12 years ago, for applications where an exact colour match is desired with no diminution in performance when exposed to extreme conditions and demanding environments. FORMOA® Colours provides a colour coordinated single component adhesive/sealant with excellent weathering resistance. Specifically developed to cover a wide range of industries and applications including bonding and sealing joints on composite, GRP, polycoated steel, concrete, masonry, painted surfaces, flexible and rigid PVC/EPDM, etc.

FORMOA® Colours is suitable for both internal and external use. There are now over 140 colours available from current formulations and we can also manufacture bespoke colours matched specifically to your substrate or colour reference.

Yield Per Cartridge – 1K adhesive/ Sealant

Bead Diameter	Linear Meters per 290ml Cartridge
3	40.0
4	23.0
6	10.2
8	5.7

FORMOA® Colours are supplied in 290ml cartridges. To work out quantities (excluding wastage) use the following formula:

$$\frac{V}{W \times D}$$

$$\frac{V}{\pi r^2}$$

V = volume in mm
W = sealant profile in mm
D = sealant profile depth in mm
(r = mm)
