All alcoholic products
used in these cocktails
are proudly produced
by Diablo Co.

Established in 2017 on the Sunshine Coast of Queensland, Diablo Co. began as a passion project for Sunshine Coast venue owner, Dimitris Limnatis. Experiencing firsthand the abundance of craft beers flooding the hospitality scene, Dimi spotted a gap in the market for a sessional beer alternative. Hence Diablo Alcoholic Ginger Beer was born.

Diablo Ginger Beer is 100-percent locally produced sourcing local ingredients, gluten-free, and satisfying sessionable for Queensland's balmy climate.

Driven by a fascination to push the craft beverage envelope farther, Diablo Co. embraced the unpredictability of 2020 with the release of Eros Vodka, Black Cockatoo Rum, a range of liqueurs and more...

We are proud to be an 100% Australian made and owned, family business, producing world class products.

Calling on flavours from the sunshine states sugarcane and ginger plantations, **Diablo Alcoholic Ginger Beer** was born. Boasting a flavour profile of crisp ginger beer enhanced. Warm spices and a fresh ginger heat, Diablo soon became one of the local flavours to beat. Now also available interstate.

In fact, Diablo's unique blend of 13 herbs, spices and natural ingredients rightfully earned the title of highest selling drink at sell-out Queensland events, 2021 Crafted Festival, GABS Beer & Cider Festival 2021 and most recently 2022 Noosa Festival of Surfing.

Diablo, devilishly refreshing alcoholic ginger beer.

**Black
Cockatoo**
QUEENSLAND RUM

In animal symbolism and indigenous lore, the Black Cockatoo is linked strongly to spirit. As such, we have crafted a noteworthy spirit to represent strong expression, demanding respect from your palate in the best way we know how.

Our Black Cockatoo rum range is derived from a 2 year old dark rum, distilled in a copper. We have further infused with chilli and a hint of vanilla to combine to produce an unapologetically spicy premium **Black Cockatoo Chilli Spiced Rum**. We filter our 2 year old dark rum through charcoal to produce our finest, smooth **Black Cockatoo White Rum**. With the addition of coconut flavours and aromas we have created the **Black Cockatoo Coconut Flavoured Rum**, a smooth tropical combination.
