

DIAMOND Q 8K

MV-Q8K

Introducing our MirageVision QLED (8k) Series, This series was developed for Hi-End Residential Use. These models are all Samsung donor TVs that incorporate the latest in Samsung proprietary QLED technology, such as, Quantum Dot, HDR (High Dynamic Range Contrast) that magnifies 100% color, more than a billion additional shades of color compared to standard UHD (8k) models. These models are Smart TVs with built-in WIFI and Apps. They also incorporate our proprietary MPET outdoor calibration that enhances the brightness, color, gamma and contrast in outdoor daytime viewing.
