

## GOLD SERIES

### MV-GS

These MirageVision TVs are re-built & configured to withstand just about any weather condition, no matter where you live. Our most popular series is the **GOLD LEGACY & GOLD ULTRA HD (4K) SERIES**. These TV Displays are made to work best in partial sunlight viewing and can handle most weather conditions like a true champ!

Units are equipped with our proprietary MPET Calibration Picture/Image settings and the latest Ultra HD (4k)\* TV technology (excludes 32") which has 4x the resolution when compared to 1080p technology. This combined technology allows for a sharper and brighter picture image in daytime sunny outdoor viewing. All of our Gold Series Models are Smart TVs, Wi-Fi and App ready.

## FEATURES

### RESIDENTIAL OUTDOOR

- › Internal components sprayed with waterproof coating formula.
- › External fans are added along with water resistant exhaust vents to create a conventional vortex air flow within the TV cabinet.
- › Waterproof membrane is attached to cover the TV's input/output connections.
- › Cabinet and TV front are sealed with waterproof sealant.
- › TV's Color, Brightness, Sharpness, Contrast & Gamma are Calibrated for enhanced outdoor viewing.
