Touchless Hand Sanitizer Dispenser & Stand

Wall-mounted Touchless Hand Sanitizer Dispensers are a hygienic method to ensure your hands are being disinfected without touching potentially contaminated surfaces. Ideal for hospitals, schools, hotels, offices, and other places with high foot traffic.

- Touchless experience with the automatic infrared sensor that detects movement at a 3-10cm distance
- Hand sanitizer level is visible at all times through the clear window design
- Compatible with spray, gel, or foam hand sanitizer
- Indicator light flashes green when dispenser is functioning properly
- Call for availability of dispensers & stands
