

Eve Wilson – Wellness Advocate, Breast Cancer Survivor & General Manager at Pure & Lean Nutrition & Mindset Coaching

Having spent over 10 years in the Corporate World in her career in Business Development and Project Management, Eve made the decision to change her life from a face-pasted, corporate, socialite existence to a life of good health, balance, and self-discovery...only to find a lump in her breast. She was diagnosed with Breast Cancer at the young age of 34 and is now in recovery.

Eve recently made the decision to leave the Corporate World for the Wellness World and is an advocate for living a life in line with ones true values, and for creating health and happiness from the inside out.

Eve wants to promote awareness about slowing down and connecting with your body because it just might save your life, like it did hers.
