Personalize ANYTHING!

Let us bring your ideas to life

Let us bring your ideas to life

WOOD

All types of wood including pine, oak, mahogany, maple and other exotic hardwoods can be laser engraved and cut. All wood has its own unique qualities, resulting in a different yet beautiful outcome.

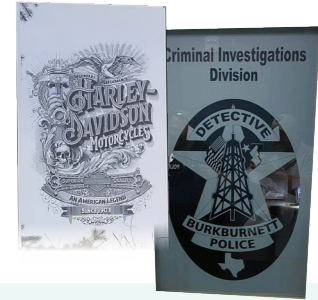

Product Ideas

- | | |
|------------------|----------------|
| Kitchen cabinets | Jewelry |
| Barrel lids | Home décor |
| Signage | Cutting boards |

GLASS

Laser etching glass or crystal leaves a frosty mark on the surface that stands out, yet is smooth to the touch.

Product Ideas

- | | |
|--------------|--------------------|
| Wine glasses | Beer growlers |
| Mirrors | Windows and doors |
| Photo frames | Awards and plaques |

GRANITE & STONE

When laser engraving on granite, the surface of the polished stone is removed by the laser beam resulting in photo-realistic artwork.

Product Ideas

- | | |
|---------------|-------------------------|
| Pet memorials | Grave markers |
| Counter tops | Outdoor accents |
| Garden stones | Flooring and wall tiles |

FABRIC

Laser engraving fabrics and textiles such as leather, denim and micro suede produces unique effects. Many types of fabric can also be easily cut, leaving you with a non-fraying edge.

Product Ideas

- Polar fleece jackets
- Cut quilt pieces
- Hat patches
- Purses and wallets
- Distressed denim
- Applique designs

ACRYLIC

Laser cutting acrylic produces flame polished edges for professional products. Acrylic is ideal for both indoor and outdoor signage as well as a variety of home decor pieces.

METAL

Both coated metals and bare metals can be engraved to create a custom product.

Product Ideas

- | | |
|--------------------|--------------------|
| Polar mugs or cups | Awards and plaques |
| ID bracelets | Shop tools |
| Machine parts | Jewelry |
