

Endure protects your investment against nitrogen loss by utilizing a polymer coated urea along with Regain<sup>®</sup> formulated stabilized nitrogen sources.

## PCU 90 Poly Coated Urea

- Controlled release fertilizer sustains turfgrass growth and color
- Dependable performance across varying soil conditions
- Environmentally responsible with low potential for nutrient leaching, runoff, or volatilization

## Regain

- Keeps nitrogen available when turf needs it most
- Less volatilization, less leaching, less nitrogen loss

# Top Cut<sup>®</sup>

- Earth-friendly organics
- An organic, nutrient-rich, nitrogen fertilizer source produced from biosolids
- Rich in nitrogen and phosphorus, also contains micronutrients such a calcium, sulfur, iron, and humic acid
- Reduces leaching into waterways
- Certified by the EPA as "Class A" with "exceptional quality"
