# CELLULAR DETOX SHIELD

POWERFUL SUPPORT FOR  
NERVE AND IMMUNE CLEANSING

NEUROIMMUNE DETOXIFIER  
OVER 80 PEER-REVIEWED STUDIES

## WHY YOU NEED CELLULAR DETOX SHIELD

In today's world, **Cellular Detox Shield** is more vital than ever. Toxins can accumulate and damage critical internal body systems, unless you have an active anti-toxin program.\*

Over the past 50 years, more than 100,000 chemicals have been introduced into the environment. When you are exposed to these chemicals, your body must detoxify them. Toxins include 1) pollutants in the air, water, and soil; 2) toxic metals such as lead, cadmium, and mercury; 3) pesticides, herbicides, insecticides, fungicides, and fumigants. Further, food additives and preservatives can adversely affect nerve and immune function in many people. Any distress is a further "tax" on the system that **Cellular Detox Shield** can help relieve.\*

Nerve and immune tissues become impaired as a result of this toxic overload. **Excess toxins** sabotage delicate cell machinery, leading to less endurance and energy, impaired immune function, and **less resilience** in dealing with everyday stresses and challenges.\*

## THE INNER CLEANSER

**Cellular Detox Shield** is a unique, exclusive formula that meticulously detoxifies the tissues involved in the immune and nervous systems. This combination of amino acids, lipotropic factors, and minerals effectively clears out the toxins that accumulate in the nerve and immune system tissues and cells.\* In addition, **Cellular Detox Shield** neutralizes excess cellular acid, thereby protecting cells against corrosion.\* **Cellular Detox Shield** effectively promotes resistance in four ways:

1. Methionine, glycine, cysteine, and glutathione are potent nutritional detoxifiers that also reduce homocysteine

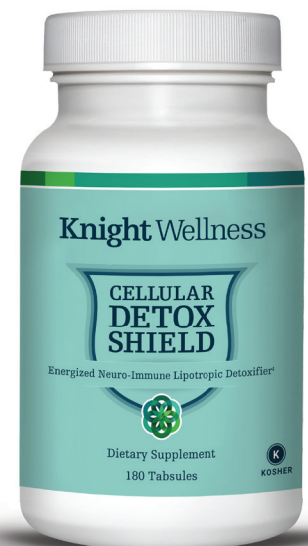

levels and boost neuroimmune and cardiovascular health.\*

2. Choline and inositol improve cell communication and increase cells' defenses against viruses and other infectious agents.\*
3. Ascorbyl palmitate is a membrane-protective form of vitamin C.\*
4. Energizing and alkalizing cofactors help cells support optimal health.

## SYMPTOMS OF HEAVY METAL TOXICITY

Chronic exposure to heavy metals is a growing health problem in industrialized societies. These metals include lead, mercury, antimony, chromium, cadmium, and arsenic.\*

Heavy metal toxicity is characterized by fatigue, musculoskeletal complaints, mood swings, anemia, neurological problems, hypertension, kidney and liver dysfunction, endocrine problems, and immune dysfunction.\* Heavy metals are excreted through the urine, feces, and sweat glands. But when these detoxification routes aren't working right, you may experience toxic symptoms.\*

## RECOMMENDED USE

Occasionally, people have acquired a substantial toxic burden. Their detoxification cellular systems are in such disrepair that, as **Cellular Detox Shield** starts to "clean house," the mobilized toxins cause people to feel queasy. To begin detoxification:

- Start slowly with just one (1) or one-half (1/2) tabsule of **Cellular Detox Shield** per day.
- Double the dose every three (3) weeks or so.
- Drink at least eight (8) glasses of water daily and avoid caffeinated, sugared, and artificially sweetened beverages.
- By slowly increasing the use of **Cellular Detox Shield** sustainable good health is more easily achieved.

## TWO (2) CELLULAR DETOX SHIELD TABSULES PROVIDE

### ENERGIZED NUTRIENTS

<b>Vitamins</b>	
Vitamin C (as corn-free ascorbate)	64 mg.
<b>Minerals (elemental)</b>	
Calcium (as citrate, fumarate, malate, succinate)	100 mg
Magnesium (as citrate, fumarate, malate, succinate, aspartate, and C16 & C18 alkyls <sup>†</sup> )	200 mg
<b>Amino Acids:</b>	
Glycine	250 mg
L-phenylalanine	100 mg
L-methionine	150 mg
L-cysteine HCL (anhydrous)	150 mg
L-cystine	100 mg
L-glutathione (99% reduced)	25 mg
L-aspartate (magnesium aspartate)	26 mg
<b>Lipotropics:</b>	
Choline (citrate)	70 mg
Inositol (pure crystalline)	250 mg
Ascorbyl palmitate	150 mg
<b>Cofactors (Kreb's salts for energy):</b>	
Citrate (calcium & magnesium)	144 mg
Fumarate (calcium & magnesium)	144 mg
Malate (calcium & magnesium)	144 mg
Succinate (calcium & magnesium)	144 mg
Vegetable fiber (Organic croscarmellose)	96 mg
Natural Vanilla	40 mg

<sup>†</sup>from whole, untreated palm fruit and leaf

#### WARNING

Pregnant and nursing mothers need to check with their health professional before taking supplements.

#### TYPICAL DOSAGE

Take two (2) tabsules daily, 30 to 60 minutes before meals in divided doses or as directed by your health professional.

Maintenance: 1-2 tabsules daily  
Weight training/moderate stress: 3-4 tabsules daily  
Maximum stress or chronic illness: 5-6 tabsules daily

**Available in bottles of 180 tabsules.**
