## VITAMIN C SHIELD TABSULES

BUFFERED ASCORBATES

L-ASCORBATE FULLY REDUCED,  
FULLY BUFFERED  
OVER 300 PEER-REVIEWED STUDIES

### WHY VITAMIN C SHIELD IS BETTER

When evaluating vitamin C, choose the supplement with the most health-promoting impact. **Vitamin C Shield** is the most powerful form of vitamin C on the market today.\*

The scientific literature has confirmed vitamin C's key role in:

1. Immune system function
2. Collagen repair and formation
3. Joint function
4. Energy production
5. Antioxidant protection and function
6. Detoxification, and more

**Vitamin C Shield** enhances hormone production and function as needed, and helps the body to adapt better. In addition, it is important to take the amount of ascorbate needed to keep an adequate supply in the cells. This varies based on levels of distress, toxins, acute and delayed allergy reactions, and cell buffering/alkaline reserve. Optimum ascorbate use is based on calibration of need (see ascorbate calibration instructions) or as directed by your health professional.\*\*

### VITAMIN C SHIELD IS YOUR ONLY CHOICE

**Vitamin C Shield** is a pH-balanced, vegetarian, allergen-free, and completely buffered mineral ascorbate. It uses 100% l-ascorbate, fully reduced, corn free, which works harder, more quickly and more persistently in the body.\*

**Vitamin C Shield** prevents free radicals from harming the ascorbate. Also, the cofactors, metabolites, and transporters in **Vitamin C Shield** powerfully enhance absorption and tissue action. In addition, **Vitamin C Shield** is free of the side effects associated with other vitamin C supplements.\*

**Vitamin C Shield** contains a balance of essential minerals: calcium, magnesium, potassium, and zinc. Most Americans are deficient in one or more of these key minerals, due to stress, ill health, food processing, toxins, and other factors.\*

## PURITY, PURITY, PURITY

**Vitamin C Shield** is produced with an exclusive, triple recrystallization process. This innovative technique creates a product with unprecedented purity and bioactivity.\*

## ASCORBATE AND BLOOD PRESSURE

**Vitamin C Shield** is your safer, more effective choice. Obesity, alcohol consumption, physical inactivity, and a high-fat/ protein/sugar diet can induce high blood pressure, in part through insulin resistance (Syndrome X). The greatest benefit comes from full tissue saturation of fully reduced and fully buffered ascorbate.\*

Ascorbate:

- Protects delicate endothelial cells that line blood vessels from free radical and toxin damage.
- Increases nitrous oxide (nature's small vessel relaxation molecule) thus lowering blood pressure via enhanced biopterin action.
- Induces the production of collagen.\*

### ONE (1) VITAMIN C SHIELD TABSULE PROVIDES

#### ENERGIZED NUTRIENTS

Vitamin C (as 100% l-ascorbates, fully reduced and buffered) .....	1,000 mg.
Calcium (as ascorbate) .....	111 mg.
Octanoate .....	10 mg.
Magnesium (as C16 and C18 alkyls from whole untrated palm fruit and leaf) .....	20 mg.
Vegetable fiber (organic croscarmellose) .....	40 mg.

Other Ingredients: None

#### WARNING

Pregnant and nursing mothers need to check with their health professional before taking supplements.

#### TYPICAL DOSAGE

As a dietary supplement, take one (1) tabsule daily or as directed by your health professional.

**Available in bottles of 250 tabsules.**
