

## 26 July 2017

## Kit Components

| Product Code | Description            |
|--------------|------------------------|
| D7P9205K     | T7 R & DNA™ Polymerase |

Components

| T7 R & DNA Polymerase |
|-----------------------|
| 5X Reaction Buffer    |
| 100 mM DTT            |

## T7 R & DNA Polymerase.

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Revision date: 07/25/2017 Version: X 0

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

### Product identifier 1.1.

| Product name | : | T7 R & DNA Polymerase  |
|--------------|---|--|
| Product form | : | Mixture  |
| Product code | : | This component is found in T7 R & DNA Polymerase (D7P9205K). |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture

: Laboratory chemical.

### Details of the supplier of the safety data sheet 1.3.

Lucigen Corporation 2905 Parmenter Street Middleton, WI 53562 U.S.A. Phone: (608) 831-9011 Fax: (608) 831-9012 E-mail: techserv@lucigen.com

### 1.4. **Emergency telephone number**

Emergency number

: 1-888-575-9695 (Lucigen: Monday-Friday, 8:00AM-5:00PM)

## **SECTION 2: Hazards identification**

### Classification of the substance or mixture 2.1.

**GHS-US** classification Not classified.

2.2. Label elements

## **GHS-US** labelling

No labelling applicable.

### 2.3. Other hazards

Irritant to eyes and skin. Target organs are kidneys.

### Unknown acute toxicity (GHS-US) 2.4.

No data available.

## **SECTION 3: Composition/information on ingredients**

#### 3.2. Mixture

| Name   | Product identifier     | %   |
|--|------------------------|-----|
| Glycerol, CAS # 56-85-1<br>EC# 200-289-5<br>Chemical Formula: C <sub>3</sub> H <sub>8</sub> O <sub>3</sub><br>Molecular Weight: 92.09 g/mol<br>Synonyms: Glycerin, 1,2,3-Propanetril | Ingredient in product. | 50% |

## **SECTION 4: First aid measures**

| 4.1. Description of first aid measu   | res  |
|---------------------------------------|--|
| First-aid measures general            | <ul> <li>If exposed or concerned, consult a physician. Show this safety data sheet to the doctor in<br/>attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious<br/>person.</li> </ul> |
| First-aid measures after inhalation   | : IF INHALED: Remove to fresh air and keep at rest in a comfortable position for breathing. If not breathing, give artificial respiration. Consult a physician.  |
| First-aid measures after skin contact | : IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin for at least 15 minutes with tepid water. Consult a physician.  |
| First-aid measures after eye contact  | : IF IN EYES: Immediately flush with plenty of tepid water for at least 15 minutes. Remove<br>contact lenses if present and easy to do so. Continue rinsing. Consult a physician.  |
| First-aid measures after ingestion    | : IF SWALLOWED: Rinse mouth thoroughly and consult a physician. Do not induce vomiting.  |
| 4.2. Most important symptoms an       | d effects, both acute and delayed  |
| Symptoms/injuries                     | : Not expected to present a significant acute hazard under anticipated conditions of normal use.   |
| Symptoms/injuries after inhalation    | : May cause upper respiratory irratation.  |
| Symptoms/injuries after skin contact  | : May cause skin irritation.   |
| 07/25/2017                            | T7 P & DNA Polymersse Page 1   |

# T7 R & DNA Polymerase Safety Data Sheet Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

- Symptoms/injuries after eye contact
- : Direct contact with the eyes is likely to be irritating.
- Symptoms/injuries after ingestion : May cause gastrointestinal irritation.

### 4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

| <b>SECTION 5: Firefighting measures</b>       |   |
|---|---|
| 5.1. Extinguishing media                      |   |
| Suitable extinguishing media                  | : Water spray, carbon dioxide, dry chemical powder, or appropriate foam.  |
| 5.2. Special hazards arising from the s       | substance or mixture  |
| Fire hazard                                   | : Emits toxic fumes under fire conditions.  |
| Explosion hazard                              | : Emits toxic fumes under fire conditions.  |
| Reactivity                                    | : No dangerous reactions known under normal conditions of use.  |
| 5.3. Advice for firefighters                  |   |
| Firefighting instructions                     | : Wear self-contained breathing apparatus and protective clothing to prevent contact with skin<br>and eyes.   |
| Protection during firefighting                | : Do not enter fire area without proper protective equipment, including respiratory protection.   |
| SECTION 6: Accidental release me              | asures  |
| 6.1. Personal precautions, protective e       | equipment and emergency procedures  |
| General measures                              | : Ventilate area. Evacuate area. Keep upwind. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).   |
| 6.1.1. For non-emergency personnel            |   |
| Protective equipment                          | : Wear Personal Protective Equipment as described in Section 8.   |
| 6.1.2. For emergency responders               |   |
| Protective equipment                          | : Wear suitable protective clothing, gloves, respirator, and eye or face protection. For further information refer to section 8: "Exposure controls/personal protection".   |
| 6.2. Environmental precautions                |   |
| Prevent entry to sewers and public waters. No | tify authorities if liquid enters sewers or public waters. Avoid release to the environment.  |
| 6.3. Methods and material for contain         | nent and cleaning up  |
| For containment                               | : Contain any spills with dikes or inert absorbents (e.g., sand or vermiculite) to prevent migration and entry into sewers or streams.  |
| Methods for cleaning up                       | : Soak up spills with inert absorbants, such as sand or vermiculite as soon as possible. Place in<br>closed waste container for disposal. This material and its container must be disposed of in a<br>safe way, and as per local, state, and federal legislation. |
| 6.4. Reference to other sections              |   |
| No additional information available           |   |
| SECTION 7: Handling and storage               |   |

| 7.1.    | Precautions for safe handling |  |
|---------|-------------------------------|--|
| Precaut | ions for safe handling        | : Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Wash hands and other exposed areas with mild soap and water after handling material, leaving the laboratory, before eating, drinking or smoking and when leaving work. |

### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions

: Store at -20°C in a freezer without a defrost cycle.

## T7 R & DNA Polymerase Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

## **SECTION 8: Exposure controls/personal protection**

## 8.1. Control parameters

## Components with workplace control parameters

| Component | CAS-No. | Value        | Control parameters     | Basis   |
|-----------|---------|--------------|------------------------|---|
| Glycerol  | 56-81-5 | TWA          | 10 mg/m3               | USA. OSHA – TABLE Z-1 Limits for Air<br>Contaminants – 1910.1000                    |
|           |         | TWA          | 10 mg/3                | USA. ACGIH Threshold Limit Values (TLV)   |
|           | Remarks | Upper Respir | atory Tract Irritation | •   |
|           |         | TWA          | 5 mg/m3                | USA. Occupational Exposure Limits (OSHA) –<br>Table Z-1 Limits for Air Contaminants |
|           |         | TWA          | 15 mg/m3               | USA. Occupational Exposure Limits (OSHA) –<br>Table Z-1 Limits for Air Contaminants |

## 8.2. Exposure controls

Appropriate engineering controls

- : Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas. Emergency safety shower and eye wash station should be available. Avoid prolonged or repeated exposure.
- Personal protective equipment
- : Gloves. Protective goggles. Laboratory Coat.

Hand protection

| Eye protection           |  |
|--------------------------|--|
| Skin and body protection |  |
| Respiratory protection   |  |

for this specific application can be recommended by the glove supplier. Suggested glove materials are: Neoprene, Nitrile. Safety goggles should be worn when working with mixture. Avoid direct contact with eyes.

: Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suitable gloves

- : Wear long sleeves, and chemically impervious PPE/coveralls to minimize bodily exposure.
- : Use NIOSH/MSHA-approved dust/particulate respirator. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment. Do not breathe in vapour, mist, or dust.

## **SECTION 9: Physical and chemical properties**

| 9.1. Information on basic physical a   | and chemical properties         |
|--|---------------------------------|
| Physical state                         | : Liquid, viscous and colorless |
| Color                                  | : Colorless                     |
| Odor                                   | : No data available             |
| Odor Threshold                         | : No data available             |
| рН                                     | : No data available             |
| Melting point                          | : No data available             |
| Freezing point (50% aquesous solution) | : No data available             |
| Boiling point                          | : No data available             |
| Flash point                            | : No data available             |
| Relative evaporation rate              | : No data available             |
| Flammability (solid, gas)              | : No data available             |
| Vapour pressure                        | : No data available             |
| Relative vapour density at 20°C        | : No data available             |
| Relative density                       | : No data available             |
| Solubility in Water                    | : No data available             |
| Log Pow                                | : No data available             |
| Log Kow                                | : No data available             |
| Auto-ignition temperature              | : No data available             |
| Decomposition temperature              | : No data available             |
| Viscosity, kinematic                   | : No data available             |
| Viscosity, dynamic                     | : No data available             |
| Explosive properties                   | : No data available             |
| Oxidising properties                   | : No data available             |
|  |                                 |

## T7 R & DNA Polymerase Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

: No data available

Explosive limits

9.2. Other information

## None.

- -

SECTION 10: Stability and reactivity

## 10.1. Reactivity

No dangerous reactions known under normal conditions of use.

## 10.2. Chemical stability

Stable under use and storage conditions as recommended in section 7.

## 10.3. Possibility of hazardous reactions

None known. Hazardous polymerization does not occur.

## 10.4. Conditions to avoid

None known.

## 10.5. Incompatible materials

Strong oxidizing agents, strong bases.

## 10.6. Hazardous decomposition products

Carbon monoxide, carbon dioxide.

## **SECTION 11: Toxicological information**

## 11.1. Information on toxicological effects

| Acute toxicity                                     | : | No data available  |
|--|---|--|
| Skin corrosion/irritation                          | : | No data available  |
| Serious eye damage/irritation                      | : | No data available  |
| Respiratory or skin sensitisation                  | : | No data available  |
| Germ cell mutagenicity                             | : | No data available  |
| Carcinogenicity                                    | : | IARC – No component of this product present at levels greater than or equal to 0.1% is dientified as probablye, possible, or confirmed human carcinogen by IARC. |
|  |   | ACGIH – No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.             |
|  |   | NTP – No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticpated carcinogen by NTP.                     |
|  |   | OSHA – No component of this product present at levels greater than or equal to 0.1% is identified as a carcinoen or potential carcinogen by OSHA.                |
| Reproductive toxicity                              | : | No data available  |
| Specific target organ toxicity (single exposure)   | : | No data available  |
| Specific target organ toxicity (repeated exposure) | : | No data available  |
| Aspiration hazard                                  | : | No data available  |
| Symptoms/injuries after inhalation                 | : | May cause upper respiratory irratation. May cause headaches.   |
| Symptoms/injuries after skin contact               | : | May cause skin irritation.   |
| Symptoms/injuries after eye contact                | : | Direct contact with the eyes is likely to be irritating.   |
| Symptoms/injuries after ingestion                  | : | May cause gastrointestinal irritation.   |
| Additional Information                             | : | RTECS: MA8050000. Prolonged exposure may cause nausea, vomitting, and headache. Kidneys may be affected.   |

## **SECTION 12: Ecological information**

## 12.1. Toxicity

No additional information available

## 12.2. Persistence and degradability

## No additional information available

## 12.3. Bioaccumulative potential

No additional information available

## 12.4. Mobility in soil

No additional information available

## T7 R & DNA Polymerase Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 12.5. Other adverse effects

No additional information available

| <b>SECTION 13: Disposal conside</b> | rations   |
|-------------------------------------|---|
| 13.1. Waste treatment methods       |   |
| Waste treatment methods             | : Obtain the consent of pollution control authorities before discharging to wastewater treatment plants. Product should not be discharged to surface waters without a NPDES permit. |
| Waste disposal recommendations      | : Dispose in a safe manner in accordance with local, state, and federal regulations. Avoid release to the environment.  |
| SECTION 14: Transport informa       | ation   |
| DOT                                 |   |
|                                     |   |

Not hazardous for transport

## IMDG

No additional information available

### ΙΑΤΑ

No additional information available

## **SECTION 15: Regulatory information**

## 15.1. US Federal regulations

## SARA 304 Extremely Hazardous Substances Reportable Quantity

This product does not contain any components with a section 304 EHS RQ.

## SARA 311/312 Hazards

Chronic Health Hazard

## **SARA 302**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

### SARA 313

This materials does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

### 15.2. International regulations

European Union Directive 67/548/EEC: Irritant R36/38, irritant to eyes and skin. S26, in the case of eye contact, rinse immediately with plenty of water and consult a physician. S36, wear appropriate personal protective equipment.

## 15.3. US State regulations

## **California Proposition 65**

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm.

## Massachusetts Right To Know Components

Glycercol, CAS 56-81-5

New Jersey Right to Know Hazardous Substance List Glycerol, CAS 56-81-5

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Revision date: 07/25/2017 Version: X.0

Revision date. 07/25/2017 Version. A.G

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

## 1.1. Product identifier

Product name Product form

Product code

| : R&DNA <sup>™</sup> Polymerase 5X Reaction Buf | fer |
|---|-----|
|---|-----|

: Mixture

: This component is found in the T7 R&DNA<sup>™</sup> Polymerase Product (D7P9201K, D7P9205K).

## 1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture

: Laboratory chemical.

## 1.3. Details of the supplier of the safety data sheet

Lucigen Corporation 2905 Parmenter Street Middleton, WI 53562 U.S.A. Phone: (608) 831-9011 Fax: (608) 831-9012 E-mail: techserv@lucigen.com

## 1.4. Emergency telephone number

Emergency number

: 1-888-575-9695 (Lucigen: Monday-Friday, 8:00AM-5:00PM)

## SECTION 2: Hazards identification

## 2.1. Classification of the substance or mixture

Not a hazardous substance or mixture.

## 2.2. Label elements

Not a hazardous substance or mixture.

## 2.3. Other hazards

None.

## 2.4. Unknown acute toxicity (GHS-US)

No data available.

## **SECTION 3: Composition/information on ingredients**

## 3.2. Mixture

| Name   | Product identifier     | %    |
|--|------------------------|------|
| Tris HCI, CAS # 1185-53-1<br>EC# 214-684-5<br>Chemical Formula: C <sub>4</sub> H <sub>11</sub> NO <sub>3</sub> *HCI<br>Molecular Weight: 157.60 g/mol<br>Synonyms: Tris Hydrochloride,<br>Tris(hydroxylmethyl)aminomethanehydrochloride, 2-Amino-2-<br>(hydroxymethyl)propane-1,3-diol hydrochloride | Ingredient in product. | 3.2% |

No ingredients are hazardous according to OSHA criteria. No components need to be disclosed according to the applicable regulations.

| SECTION 4: First aid measures          |   |
|--|---|
| 4.1. Description of first aid measures |   |
| First-aid measures general             | <ul> <li>If exposed or concerned, consult a physician. Show this safety data sheet to the doctor in<br/>attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious<br/>person.</li> </ul>                                    |
| First-aid measures after inhalation    | : IF INHALED: Remove to fresh air and keep at rest in a comfortable position for breathing. If not breathing, give artificial respiration. Consult a physician.   |
| First-aid measures after skin contact  | : IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin for at least 15 minutes with tepid water. Consult a physician.   |
| First-aid measures after eye contact   | : IF IN EYES: Immediately flush with plenty of tepid water for at least 15 minutes. Remove<br>contact lenses if present and easy to do so. Continue rinsing. Consult a physician.   |
| First-aid measures after ingestion     | : IF SWALLOWED: Never give anything by mouth to an unconscious person. Obtain medical assistance. Do NOT induce vomiting unless directed by medical personnel. If conscious and alter, rinse mouth and drink 2-4 cupfuls of water. Wash mouth out with water. |

| Safety Data Sheet<br>Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations |                                  |  |
|--|----------------------------------|--|
| 4.2.   | Most important symptoms and      | effects, both acute and delayed  |
| Sympt  | oms/injuries                     | : Not expected to present a significant acute hazard under anticipated conditions of normal use.   |
| Sympt  | oms/injuries after inhalation    | : May cause irritation to respiratory tract.   |
| Sympt  | oms/injuries after skin contact  | : May cause skin irritation.   |
| Symptoms/injuries after eye contact  |                                  | : Direct contact with the eyes is likely to be irritating.   |
| Sympt  | oms/injuries after ingestion     | : May cause irritation of the digestive tract.   |
| <b>4.3.</b><br>No dat  | Indication of any immediate mag  | edical attention and special treatment needed  |

| -<br>ire ha  | zard                             | : Emits toxic fumes under fire conditions.   |
| Explos   | ion hazard                       | : No data available.   |
| Reacti   | vity                             | : Product does not burn.   |
| 5.3.   | Advice for firefighters          |  |
| Firefigl   | nting instructions               | : Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.   |
| Protec   | tion during firefighting         | : Do not enter fire area without proper protective equipment, including respiratory protection.  |
| SEC  | FION 6: Accidental release       | neasures   |
| 6.1.   | Personal precautions, protecti   | ve equipment and emergency procedures  |
| Genera   | al measures                      | : Ventilate area. Evacuate area. Keep upwind. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).            |
| 6.1.1.   | For non-emergency personnel      |  |
| Protec   | tive equipment                   | : Wear Personal Protective Equipment as described in Section 8.  |
| 6.1.2.   | For emergency responders         |  |
| Protec   | tive equipment                   | : Wear suitable protective clothing, gloves, respirator, and eye or face protection. For further information refer to section 8: "Exposure controls/personal protection". Avoid contact with skin and eyes |

### 6.2. **Environmental precautions**

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

and eyes.

| 6.3.      | Methods and material for containment and cleaning up |   |   |
|-----------|--|---|---|
| For conta | ainment  | : | Contain any spills with dikes or inert absorbents (e.g., sand or vermiculite) to prevent migration and entry into sewers or streams.  |
| Methods   | for cleaning up                                      | : | Soak up spills with inert absorbants, such as sand or vermiculite as soon as possible. Place in closed waste container for disposal. This material and its container must be disposed of in a safe way, and as per local, state, and federal legislation. |
| 6.4.      | Reference to other sections                          |   |   |

No additional information available

| SEC   | SECTION 7: Handling and storage    |   |  |
|-------|------------------------------------|---|--|
| 7.1.  | Precautions for safe handling      |   |  |
| Preca | utions for safe handling           | : Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment. Avoid breathing dust, vapour, mist, or gas. Avoid contact with eyes, skin, and clothing. Wash hands and other exposed areas with mild soap and water after handling material, leaving the laboratory, before eating, drinking or smoking and when leaving work. |  |
| 7.2.  | Conditions for safe storage, inclu | ding any incompatibilities  |  |

Storage conditions

: Store in a -20°C freezer without a defrost cycle.

## **SECTION 8: Exposure controls/personal protection**

### 8.1. **Control parameters**

Contains no substances with occupational exposure limit values.

Safety Data Sheet Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| 8.2.   | Exposure controls           |  |
|--------|-----------------------------|--|
| Approp | priate engineering controls | : Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaus ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas. Emergency safety shower and eye wash station should be available. Avoid prolonged or repeated exposure. |
| Persor | nal protective equipment    | : Gloves. Protective goggles. Laboratory Coat.   |
|        |                             |  |
| Hand p | protection                  | : Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suitable gloves for this specific application can be recommended by the glove supplier. Suggested glove materials are: Neoprene, Nitrile.  |
| Eye pr | otection                    | : Safety goggles should be worn when working with mixture. Avoid direct contact with eyes.   |
| Skin a | nd body protection          | : Wear long sleeves, and chemically impervious PPE/coveralls to minimize bodily exposure as necessary.   |
| Respir | atory protection            | <ul> <li>Use NIOSH/MSHA-approved dust/particulate respirator if exposure symptoms develop. Where<br/>vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory<br/>protective equipment. Do not breathe in vapour, mist, or dust.</li> </ul>   |

## **SECTION 9: Physical and chemical properties**

| 9.1. Information on basic physical and | chemical properties |
|--|---------------------|
| Physical state                         | : Liquid            |
| Color                                  | : No data available |
| Odor                                   | : No data available |
| Odor Threshold                         | : No data available |
| рН                                     | : No data available |
| Melting point                          | : No data available |
| Freezing point                         | : No data available |
| Boiling point                          | : No data available |
| Flash point                            | : No data available |

| Flammability (solid, gas)              | : No data available |
| Vapour pressure                        | : No data available |
| Relative vapour density at 20°C        | : No data available |
| Relative density                       | : No data available |
| Solubility in Water                    | : No data available |
| Log Pow                                | : No data available |
| Log Kow                                | : No data available |
| Auto-ignition temperature              | : No data available |
| Decomposition temperature              | : No data available |
| Viscosity, kinematic                   | : No data available |
| Viscosity, dynamic                     | : No data available |
| Explosive properties                   | : No data available |
| Oxidising properties                   | : No data available |
| Explosive limits                       | : No data available |
| 9.2. Other information                 |                     |
| None.                                  |                     |

## **SECTION 10: Stability and reactivity**

### 10.1. Reactivity

No dangerous reactions known under normal conditions of use.

### 10.2. **Chemical stability**

Stable under use and storage conditions as recommended in section 7.

### 10.3. Possibility of hazardous reactions

None known. Hazardous polymerization does not occur.

Safety Data Sheet Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

10.4. Conditions to avoid

Excess heat.

### Incompatible materials 10.5.

Strong oxidants.

### 10.6. Hazardous decomposition products

Nitrogen oxides, carbon oxides.

## **SECTION 11: Toxicological information** 11.1. Information on toxicological effects

| Acute toxicity                                     | : | No data available   |  |
|--|---|---|--|
| Skin corrosion/irritation                          | : | No data available   |  |
| Serious eye damage/irritation                      | : | No data available   |  |
| Respiratory or skin sensitisation                  | : | No data available   |  |
| Germ cell mutagenicity                             | : | No data available   |  |
| Carcinogenicity                                    | : | IARC – No component of this product present at levels greater than or equal to 0.1% is<br>dientified as probablye, possible, or confirmed human carcinogen by IARC. |  |
|  |   | ACGIH – No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.                |  |
|  |   | NTP – No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticpated carcinogen by NTP.                        |  |
|  |   | OSHA – No component of this product present at levels greater than or equal to 0.1% is identified as a carcinoen or potential carcinogen by OSHA.                   |  |
| Reproductive toxicity                              | : | No data available   |  |
| Specific target organ toxicity (single exposure)   | : | No data available   |  |
| Specific target organ toxicity (repeated exposure) | : | No data available   |  |
| Aspiration hazard                                  | : | No data available   |  |
| Symptoms/injuries after inhalation                 | : | May cause respiratory irratation.   |  |
| Symptoms/injuries after skin contact               | : | May cause skin irritation.  |  |
| Symptoms/injuries after eye contact                | : | May cause eye irritation.   |  |
| Symptoms/injuries after ingestion                  | : | May cause gastrointestinal irritation.  |  |
| Additional Information                             | : | The chemical, physical, and toxicological properties have not been thoroughly investigated.   |  |

## **SECTION 12: Ecological information**

| No add                  | tional information available                               |  |  |
|-------------------------|--|--|--|
| <b>12.2.</b><br>No addi | Persistence and degradability tional information available |  |  |
| <b>12.3.</b><br>No addi | Bioaccumulative potential tional information available     |  |  |
| <b>12.4.</b><br>No addi | Mobility in soil tional information available              |  |  |
| <b>12.5.</b><br>No addi | Other adverse effects<br>tional information available      |  |  |
| SECT                    | SECTION 13: Disposal considerations                        |  |  |
| 13.1.                   | Waste treatment methods                                    |  |  |
| Waste t                 | reatment methods   | : Obtain the consent of pollution control authorities before discharging to wastewater treatment<br>plants. Product should not be discharged to surface waters without a NPDES permit. |  |
| Waste o                 | disposal recommendations                                   | : Dispose in a safe manner in accordance with local, state, and federal regulations. Avoid release to the environment.   |  |

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

- DTT (DL-Dithiothreitol), 20-100 mM :
- Mixture
  - This component is found in the following products: AmpliScribe<sup>™</sup> Kits (ASB71110, ASF3257, ASF3507); DuraScribe<sup>™</sup> T7 Kits (DS010910, DS010925); MMLV High Performance Reverse Transcriptase (RT80125K); MMLV Reverse Transcriptase 1st-Strand cDNA Synthesis Kit (MM070150, CCFOS059); MessageBOOSTER<sup>™</sup> cDNA Synthesis from Cell Lysates Kit (MBCL90310); MessageBOOSTER<sup>™</sup> cDNA Synthesis Kit for qPCR (MB060124); TargetAmp<sup>™</sup> -1- Round Biotin-aRNA Amplification Kit (TAB1R80524); TargetAmp<sup>™</sup> Nano Labeling Kits (TAN07924, TAN091096).

### CAS Number

Product name

Product form

Product code

1.2. Relevant identified uses of the substance or mixture and uses advised against Use of the substance/mixture : Reducing agent used in molecular biology reactions, laboratory chemical.

3483-12-3

### Details of the supplier of the safety data sheet 1.3.

Lucigen Corporation 2905 Parmenter Street Middleton, WI 53562 U.S.A. Phone: (608) 831-9011 Fax: (608) 831-9012 E-mail: techserv@lucigen.com

#### 1.4. **Emergency telephone number**

Emergency number

: 1-888-575-9695 (Lucigen: Monday-Friday, 8:00AM-5:00PM)

## **SECTION 2: Hazards identification**

#### Classification of the substance or mixture 2.1.

## **GHS-US** classification

Acute toxicity, Oral (Category 4), H302 Skin irritation (Category 2), H315 Eye irritation (Category 2A), H319

#### 2.2. Label elements

## GHS-US labelling elements, including precautionary statements

## Pictogram

| <ul><li>Remove contaminated clothing and wash before reusing.</li><li>Dispose of contents/container to an approved/licensed waste disposal plant/facility.</li></ul> |
|--|
| : Remove contaminated clothing and wash before reusing.  |
|  |
| <ul> <li>If eye irritation occurs: Rinse with tepid water for 15 minutes. Contact a physician if irriation<br/>occurs.</li> </ul>                                    |
| : If skin irritation occurs: Wash with soap and tepid water. Contact a physician if irriation occurs.  |
| : IF IN EYES: Rinse with tepid water for 15 minutes. Remove contacts if present and it is easy to<br>do so. Continue rinsing.  |
| : IF ON SKIN: Wash with soap and tepid water.  |
| : IF SWALLOWED: Call a POISION CONTROL CENTER or physician. Rinse mouth.   |
| : Wear protective gloves/eye protection/face protection.   |
| : Do not eat, drink, or smoke when using this product.   |
| : Wash skin thoroughy after handling.  |

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

## 2.3. Other hazards not otherwise classeified or not covered by GHS

None.

## 2.4. Unknown acute toxicity (GHS-US)

No data available.

## **SECTION 3: Composition/information on ingredients**

3.1. Substance

Not applicable

## 3.2. Mixture

| Name  | Product identifier     | %       |
|---|------------------------|---------|
| DTT, CAS # 3483-12-3<br>EC # 222-468-7<br>Chemical Formula: C4H10O2S2<br>Molecular Weight: 154.25 g/mol | Ingredient in product. | 0.3-1.5 |

Synonyms: DL-Dithiothreitol, threo-1,4-Dimercapto-2,3-butanediol, Cleland's reagent, (R\*,R\*)-1,4-Dimercaptobutane-2,3-diol

| SECTION 4: First aid measures          |   |  |
|--|---|--|
| 4.1. Description of first aid measures | 5   |  |
| First-aid measures general             | : If exposed or concerned, consult a physician. Show this safety data sheet to the doctor in attendance. Discard contaminated clothing. Never give anything to an unconscious person. |  |
| First-aid measures after inhalation    | : IF INHALED: Remove to fresh air and keep at rest in a comfortable position for breathing. If not breathing, give artificial respiration. Consult a physician.                       |  |
| First-aid measures after skin contact  | : IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin for at least 15 minutes with tepid water. Consult a physician.   |  |
| First-aid measures after eye contact   | : IF IN EYES: Immediately flush with plenty of tepid water for at least 15 minutes. Remove<br>contact lenses if present and easy to do so. Continue rinsing. Consult a physician.     |  |
| First-aid measures after ingestion     | : IF SWALLOWED: Rinse mouth thoroughly and consult a physician. Do not induce vomiting.   |  |
| 4.2. Most important symptoms and e     | 4.2. Most important symptoms and effects, both acute and delayed  |  |
| Symptoms/injuries                      | : Not expected to present a significant acute hazard under anticipated conditions of normal use.  |  |
| Symptoms/injuries after inhalation     | : May cause upper respiratory irratation.   |  |
| Symptoms/injuries after skin contact   | : May cause skin irritation.  |  |
| Symptoms/injuries after eye contact    | : Direct contact with the eyes is likely to be irritating.  |  |
| Symptoms/injuries after ingestion      | : May cause gastrointestinal irritation.  |  |
| 4.3. Indication of any immediate med   | lical attention and special treatment needed  |  |

Exposure may cause nausea, headache, vomiting, and central nervous system depression. Consult a physician if experiencing symptoms after exposure.

| SEC     | FION 5: Firefighting meas    | sures   |
|---------|------------------------------|---|
| 5.1.    | Extinguishing media          |   |
| Suitab  | le extinguishing media       | : Incase of fire, use carbon dioxide, dry chemical, or other appropriate foam. Use agents most<br>appropriate to extinguish the fire.   |
| 5.2.    | Special hazards arising from | m the substance or mixture  |
| Fire ha | azard                        | : Emits toxic fumes under fire conditions.  |
| Explos  | ion hazard                   | : Product is not explosive.   |
| Reacti  | vity                         | : No dangerous reactions known under normal conditions of use.  |
| 5.3.    | Advice for firefighters      |   |
| Firefig | hting instructions           | : Wear self-contained breathing apparatus and protective clothing to prevent contact with skin<br>and eyes.   |
| Protec  | tion during firefighting     | : Do not enter fire area without proper protective equipment, including respiratory protection.   |
| SEC     | FION 6: Accidental releas    | se measures   |
| 6.1.    | Personal precautions, prote  | ective equipment and emergency procedures   |
| Gener   | al measures                  | : Ventilate area. Evacuate area. Keep upwind. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8). |

## 6.1.1. For non-emergency personnel

Protective equipment

: Wear Personal Protective Equipment as described in Section 8.

Safety Data Sheet Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| 6.1.2.  | For emergency responders             |   |
|---------|--------------------------------------|---|
| Protect | ive equipment                        | : Wear suitable protective clothing, rubber gloves, rubber boots, respirator, and eye or face protection. For further information refer to section 8: "Exposure controls/personal protection".  |
| 6.2.    | Environmental precautions            |   |
| Preven  | t entry to drains, sewers and public | c waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.  |
| 6.3.    | Methods and material for con         | tainment and cleaning up  |
| For cor | tainment                             | : Contain any spills with dikes or inert absorbents (e.g., sand or vermiculite) to prevent migration and entry into sewers or streams.  |
| Method  | ls for cleaning up                   | Soak up spills with inert absorbants, such as sand or vermiculite as soon as possible. Place in<br>closed waste container for disposal. This material and its container must be disposed of in a<br>safe way, and as per local, state, and federal legislation. |
| 6.4.    | Reference to other sections          |   |
| No add  | itional information available        |   |

| SECT    | SECTION 7: Handling and storage     |   |
|---------|-------------------------------------|---|
| 7.1.    | Precautions for safe handling       |   |
| Precaut | ions for safe handling              | : Do not handle until all safety precautions have been read and understood. Wear recommended personal protective equipment and ensure working in an area with good ventilation. Wash hands and other exposed areas with mild soap and water after handling material, leaving the laboratory, before eating, drinking or smoking and when leaving work. Do not breathe in vapour, mist, or dust. Avoid prolonged or repeated exposure. |
| 7.2.    | Conditions for safe storage, inclue | ding any incompatibilities  |

| Storage conditions | : Keep container tightly closed. |
|--------------------|----------------------------------|
|--------------------|----------------------------------|

## **SECTION 8: Exposure controls/personal protection**

### **Control parameters** 8.1.

Components with workplace control parameters

Contains no substances with occupational exposure limits.

### 8.2. Exposure controls

| Appropriate engineering controls | : Exercise caution when handling. Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Ensure adequate ventilation, especially in confined areas. Emergency safety shower and eye wash station should be available. Avoid prolonged or repeated exposure. |
|----------------------------------|---|
| Personal protective equipment    | : Gloves. Protective goggles. Laboratory Coat.  |
|                                  |   |
| Hand protection                  | : Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suitable gloves for this specific application can be recommended by the glove supplier. Gloves should compatible with solvent if dissolved.   |
| Eye protection                   | : Safety goggles should be worn when working with mixture. Avoid direct contact with eyes.  |
| Skin and body protection         | : Wear long sleeves, and chemically impervious PPE/coveralls to minimize bodily exposure.   |
| Respiratory protection           | : Use NIOSH/MSHA-approved dust/particulate respirator. Where vapor, mist, or dust exceed PELs or other applicable OELs, use NIOSH-approved respiratory protective equipment. Do not   |

## **SECTION 9: Physical and chemical properties**

| 9.1. Information on basic pl | hysical and chemical properties of glycerol |
|------------------------------|---|
| Physical state               | : Liquid, contains dissolved powder         |
| Color                        | : Clear solution at room temperature        |
| Odor                         | : No data available                         |
| Odor Threshold               | : No data available                         |
| рН                           | : No data available                         |
| Melting point                | Powder melts at 42-44°C                     |
| Freezing point               | : No data available                         |
| Boiling point                | : No data available                         |
|                              |   |

breathe in vapour, mist, or dust.

## Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| Flash point                      | : > 110°C           |
|----------------------------------|---------------------|
| Relative evaporation rate        | : No data available |
| Flammability (solid, gas)        | : No data available |
| Vapour pressure                  | : No data available |
| Relative vapour density at 20 °C | : No data available |
| Relative density                 | : No data available |
| Solubility in Water              | : No data available |
| Log Pow                          | : No data available |
| Log Kow                          | : No data available |
| Auto-ignition temperature        | : No data available |
| Decomposition temperature        | : No data available |
| Viscosity, kinematic             | : No data available |
| Viscosity, dynamic               | : No data available |
| Explosive properties             | : No data available |
| Oxidising properties             | : No data available |
| Explosive limits                 | : No data available |
|                                  |                     |

## 9.2. Other information

No additional information available.

## **SECTION 10: Stability and reactivity**

## 10.1. Reactivity

No dangerous reactions known under normal conditions of use.

## 10.2. Chemical stability

Stable under use and storage conditions as recommended in section 7.

## 10.3. Possibility of hazardous reactions

None known. Hazardous plymerization does not occur.

## 10.4. Conditions to avoid

Oxidants, reducing agents, alkali metals, bases.

### 10.5. Incompatible materials

Strong oxidizing agents.

## 10.6. Hazardous decomposition products

Carbon monoxide, carbon dioxides, hydrogen slufide and sulfer oxides.

## **SECTION 11: Toxicological information**

## 11.1. Information on toxicological effects

## Safety Data Sheet

| Symptoms/injuries after skin contact   | : May cause skin irritation.  |
|--|---|
| Symptoms/injuries after eye contact  | : Direct contact with the eyes is likely to be irritating.  |
| Symptoms/injuries after ingestion  | : May cause gastrointestinal irritation.  |
| Additional Information   | : RTECS# XO8576500. Target organ is the central nervous system. Irritating to mucous membrances and upper respiratory tract. Exposure can cause nausea, headache, vomiting, and central nervous depression. |
| SECTION 12: Ecological information   | on  |
| 12.1. Toxicity   |   |
| No additional information available.   |   |
| <b>12.2. Persistence and degradability</b><br>No additional information available. |   |
| <b>12.3. Bioaccumulative potential</b><br>No additional information available.     |   |
| <b>12.4. Mobility in soil</b><br>No additional information available.              |   |
| <b>12.5.</b> Other adverse effects<br>No additional information available.         |   |
| SECTION 13: Disposal considerati   | ons   |
| 13.1. Waste treatment methods  |   |
| Waste treatment methods  | : Obtain the consent of pollution control authorities before discharging to wastewater treatmen<br>plants. Product should not be discharged to surface waters without a NPDES permit.                       |
| Waste disposal recommendations   | : Dispose in a safe manner in accordance with local, state, and federal regulations. Avoid release to the environment.  |
| SECTION 14: Transport informatio   | n   |
| In accordance with DOT   |   |
| Not hazardous for transport  |   |
| Additional information   |   |
| Other information  | : No supplementary information available.   |
| Transport by sea   |   |
|  |   |
| No additional information available  |   |
| Air transport  |   |
|  |   |

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

## **SARA 313**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

## 15.2. International regulations

European Union Directive 67/548/EEC: Toxic R23/24/25. Toxic by inhalation, in contact with skin, and if swallowed. Irritant R36/37/38, irritant to eyes, respiratory system and skin. S26, in the case of eye contact, rinse immediately with plenty of water and consult a physician. S36/37/38, wear appropriate protective clothing, gloves, and face protection.

## 15.3. US State regulations

## California Proposition 65

This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm.

## Massachusetts Right To Know Components

No components are subject to the Massachusetts Right to Know Act.

## New Jersey Right to Know Hazardous Substance List DTT [(R\*,R\*)-1,4-Dimercaptobutane-2,3-diol], CAS 3483-12-35
