For the latest updates, sign up for our pet portrait email list
at: <http://eepurl.com/gtpNub> or email us at humboldtpet@gmail.com with your name and "Pet Portraits" as the subject title.

SUMMER MARSH CLEANUP

SATURDAY, JUNE 22

We're hitting the marsh again and inviting the entire community to come out and help us clean up left-behind waste that greatly impacts the marsh ecosystem. Not only is the trash and pet waste detrimental to humans' enjoyment of the marsh, but it also affects the local wildlife that is sensitive to environmental changes.

While we're out there, keep your eyes peeled because we're bringing back the painted rock hunt! Volunteers can win amazing prizes from local business by finding painted rocks hiding in the marsh as we go along and clean.

Be sure to subscribe to our email list and follow us on Facebook to get the latest updates on the event. We will be announcing meetup details and prizes soon!

RANGER OF THE MONTH: CHARLIE

Every month, we honor one of our local customer pets with a section in the The Paw Print, a photo in our studio, and a spot on our Ranger of the Month in-store display. We want to share all the amazing pets that come into our store!

Age:

14 years young!

Favorite Toy:

Tuffys, specifically the lobster

Favorite Treat:

Whatever meat dad is cooking

Favorite Activities:

Going for a stroll and hanging out at Hiller Dog Park, and snuggling while watching a movie

Favorite Thing:

Chasing the laser around and attacking the vacuum

Amazing Facts:

Charlie is my best friend and best adventure buddy! We've taken long road trips, climbed Kings Peak and explored numerous hikes through Redwood Park. He's always by my side and would follow me anywhere! I don't even bother putting a leash on him anymore, but that's also because he has slowed down quite a bit. But after every walk, he still jumps straight into the bathtub to get his feet washed without me even asking—even if he doesn't need it!

WALLY WISDOM

As you may have surely noticed, I have been away from the shop for quite some time now. I've been on vacation where I have had time to focus on losing weight. When they said summer was coming up and it was "crunch time", I thought they meant it was "kibble crunch time", not "time to do a bunch of kitty crunches" while trying to catch a feather on a string. But, you know, it ain't all that bad when you consider that I've lost three and a half inches around the belly and am down from 17.3 pounds to 15.3 pounds. While I do get a little "hangry" sometimes, I am much more energetic these days! Lookout, world! Here comes a healthier Wallace!
