NELSON SAUVIN

WHITE GRAPE, GOOSEBERRY, CITRUS, PASSION FRUIT

Here's one for the fiercely original, the experimentalists, and the rebels of ordinary. The fruitiness of this hop may be a littler overpowering for the un-initiated, however those with a penchant for bold character will find several applications for this true brewer's hop.

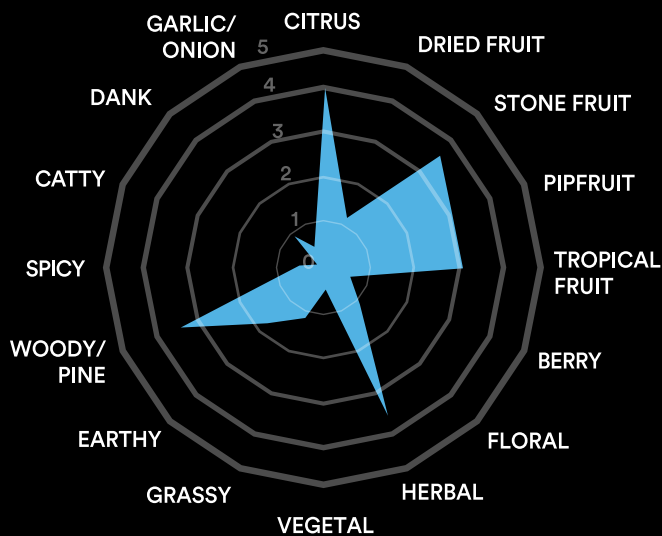

BREWER INSIGHTS

"Oh my god, the beer we made with Nelson Cryo, before we even dry-hopped it, it smelled amazing. That Nelson Cryo just hits you in the face. Wow."

Justin Burdt - Ghost Town Brewing, Oakland, CA, USA

HOP AROMA PROFILE

HOP DATA

	Cryo	T90
UV Alpha Acids	24.4%	10-13%
UV Beta Acids	14.9%	5-6.5%

Farnesene	0.1%	0.1-0.5%
Humulene	17.8%	20-30%
Geraniol	0.4%	1-1.8%

BREWING

A hop that may require judicious application in the brew house, this truly unique dual-purpose variety can be used to produce big punchy ales as well as subtle aroma-driven lagers.

BREEDING

Nelson Sauvín Brand 85-03-06 is a triploid variety bred from the New Zealand variety Smoothcone and a selected NZ male. Developed by NZ P&FR and released in 2000.
