

# SEX REFLECTIONS 2022-2023

## IN 2022...

When did you have the best sex, whether solo or partnered? Describe it below.

What was your favorite way of using your favorite toy, whether new or old?

Who starred in your sex fantasies?

What song got you in the mood?

What's a new technique you learned? (If you haven't learned one yet, check out the [Sex Tips](#) section of our blog!)

About how many times a week did you masturbate?

This year, we released our [SHARE LITE](#) double dildo, which became an instant classic. Did you use it or any other double-ended toy?

*Top Gun: Maverick* was the highest-grossing movie. Did you leave it on in the background while you had sex?

## LOOKING AHEAD TO 2023...

Will you have sex with somebody new? Describe what you're looking for.

What toy are you dying to try?

Would you rather experiment with nipple stimulation, butt stuff, ball play, or all of the above?

Will you travel at all? Brainstorm a destination where you could have some FUN away from home.

Pick three songs to start a sex playlist. Add to it throughout the year.

Pick a date to wear your sexiest underwear, no special occasion required. Mark your calendar!
