## Charging your Pump Air Epic cont'd

Use the supplied charging cable. Please only use 5V/1A wired chargers or 5V/2A wireless chargers.

The Pump Air Epic takes 2 hours for a full charge.

The Pump Air Epic charging case, takes 2 hours for a full charge. The charging case should charge the earbuds 3 times.

## Charging your Pump Air Epic cont'd

Charging notification

Left & Right lights will turn red to show earbuds charging

Charging case level indicator button

- The charging case has 3 lights. These signify the charge level of the charging case. One (1) light per 33% charge level

1 light 33%, 2 lights 66%, 3 lights 100%

Once fully charged, all 3 lights will remain lit. Unplug the charging case.

- When the earbuds power on, they will announce **High, Medium** or **Low** battery level. When low, recharge the earbuds by placing them in the case.
- When charging the earbuds, the left and right charging case lights will turn red, and glow to show that the earbuds are charging. When fully charged the lights will turn off. The earbuds may charge at different rates for left and right sides.
- To check the charge level of the case, press the button on the back of charging case.

## Let's Get Started | Pairing

In order to get started using the Pump Air Epic, we need to pair it to your phone.

1. Please remove both earbuds from the charging case, and put them in your ears.
2. After a few seconds, they will play a sound in each ear, to let you know that both are connected.
3. When the earbuds turn on for the first time, it will go into pairing mode.
4. Now search your phone for 'BlueAnt Pump Air Epic' and pair.
5. The earbuds will auto-reconnect to your phone whenever you take it out of the charging case, and power off when you put it back in.

If you need to pair with another phone, press and hold the right hand side command button, to power off the earbuds. Then let go of the button, then press and hold the button for 5 seconds until you hear the earbud saying, 'Bluetooth pairing'. Repeat the pairing process on the new phone.

## Let's Get Started | Fit

To ensure the best sound, you need the best fit. Having the best fit creates a seal and enhances the bass performance.

The diagram on the right, is how the earbuds should sit in your ear. There are 3 sizes of ComfortSealTips - Small, Medium and Large.

To get the most out of the earbuds, it's best to try out each of the sizes to get the best fit.

# **SAFETY INFORMATION AND WARRANTY TERMS**

## **Important Safety Information**

**PLEASE READ THIS ENTIRE DOCUMENT  
CAREFULLY, BECAUSE IT CONTAINS  
IMPORTANT INFORMATION ABOUT THE  
SAFE USE OF BLUEANT DEVICES**

**WARNING - PROTECT  
YOUR HEARING**

**BLUEANT DEVICES CAN  
REACH VOLUMES ABOVE  
100 DECIBELS.**

**ONLY CHARGE WHEN DEVICE IS CLEAN AND DRY**

**PROLONGED USE AT HIGH VOLUMES MAY AFFECT YOUR HEARING CAPACITY AND MAY RESULT IN NOISE INDUCED HEARING LOSS (NIHL).  
TURN OFF THE POWER TO YOUR DEVICE WHEN NOT IN USE.**

Please ensure that the device and any associated components such as ear gels or chargers, are stored safely and that any packaging or unwanted contents are disposed of thoughtfully. Do not place the product on the floor or leave it in a place, where young children could access it, or someone could trip over it

### **Using Ear Gels**

Your BlueAnt earbuds will come with eargels or foam tips that are designed to provide a secure fit in your ear, while providing high quality audio

- Ear gels and tips are designed to sit comfortably in your ear and should not be forced into your ear at any time. If you have

trouble fitting the ear gel or foam, please refer to the owner's manual for correct insertion and usage information.

Always make sure that the ear gel or foam is fitted securely to your device, before placing it in your ear.

## **WARNING**

**NOTE THAT NON COMPLIANCE, MISUSE OR FORCING THE EAR GEL OR FOAM MAY CAUSE DAMAGE TO YOUR EAR CANAL EARDRUM, OR MAY OTHERWISE CAUSE BODILY HARM**

## **Care and Handling**

Your BlueAnt Bluetooth device is a precision engineered instrument. To ensure its ongoing performance, you should look after it as you would any quality consumer electronic product, and use it in accordance with the instructions.

BlueAnt recommends that you take the following precautions.

- Avoid leaving your device in direct sunlight, such as on the dashboard or console of a car or truck. Do not leave your device unattended in your vehicle.
- Do not leave your device, or use your device, in any area where the temperature may exceed 45 degrees Centigrade (113 Degrees Fahrenheit),

such as inside a closed car on a hot day. Remember that on a hot day, the temperature inside a closed car may be significantly higher than the outside air temperature.

- Do not leave your device, or use your device, in any area exposed to humidity, dust, soot, other foreign objects, smoke, or steam as this may cause your device to malfunction.
- Do not use any household or industrial grade detergents or cleaners to clean your device. If your device becomes dirty or smeared, in most instances, a wipe with a dry or slightly damp cloth should be sufficient to clean it.
- Do not leave your Bluetooth device, plugged into a wall or car charger for long periods after it is fully charged. BlueAnt does not recommend long periods of continued charging.
- Before charging your BlueAnt device, make sure that the AC outlet, adaptor and cable are not damaged. If you notice any abnormalities, seek advice from a

qualified professional.

- If travelling internationally, ensure that your BlueAnt wall or car power adapter is approved for use in the country where you plan to use it and that the adapter voltage is suited to the local power supply.
- Should a fault develop with your BlueAnt product, contact BlueAnt for advice on how to proceed. Do not attempt to repair or alter any BlueAnt product yourself.

### **Approved Accessories**

The use of accessories not approved by BlueAnt, including but not limited to batteries, antennas, wall adapters, car chargers, ear gels, foam tips and convertible covers, may cause your BlueAnt device to malfunction, or in the case of non-approved electrical accessories, may cause the device to exceed RF energy exposure guidelines. Use only 5V/1A chargers.

Use of non approved accessories will void your device's warranty. For a list of approved BlueAnt accessories, visit our website [www.blueantwireless.com](http://www.blueantwireless.com)

## **Electromagnetic Interference**

Nearly every electronic device is susceptible to electromagnetic interference (EMI) if inadequately shielded, designed, or otherwise for electromagnetic compatibility.

Similar to a mobile phone, your BlueAnt device is a low power transmitter/ receiver and is covered by regulations in any facility where posted notices instruct you to do so. These facilities may include hospitals or health care facilities that may be using equipment that is sensitive to external RF energy.

- When instructed to do so, turn off your BlueAnt device when you board an aircraft. Any use of a mobile device must be in accordance with applicable laws, regulations and airline crew instructions.

- Some Bluetooth devices may interfere with some hearing aids. In the event of such interference, you may want to consult your hearing aid manufacturer or physician to discuss alternatives.
- If you use any other personal medical device, consult the manufacturer of your device to determine if it is adequately shielded from RF energy. Your doctor or physician may be able to assist you in obtaining this information.
- If you are in doubt whether your BlueAnt device or mobile phone can be safely turned on or used, please consult an authorised person in the location you want to use your BlueAnt device. If no authorised person is available, or you remain uncertain, BlueAnt recommends that you turn off your Bluetooth device and any mobile phones unless they are required in an emergency situation.

# BlueAnt Limited Global Warranty

This product is covered by BlueAnt's limited global warranty for one (1) year from the date of purchase by the first consumer purchaser of the product.

Please refer to the [warranty.blueantwireless.com](http://warranty.blueantwireless.com) for full terms and conditions.

**THANK YOU FOR CHOOSING  
A BLUEANT PRODUCT**

## AUSTRALIAN CONSUMER LAW

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if goods fail to be of acceptable quality and the failure does not amount to a major failure.

For warranty and technical support, please email [care@blueantwireless.com](mailto:care@blueantwireless.com) visit: [www.blueantwireless.com](http://www.blueantwireless.com) or call 1300 669 049

BlueAnt Wireless

## Caring for the Environment by Recycling

Do not dispose of Bluetooth accessories, such as chargers or headsets, with your household waste. In some countries or regions, collection systems are set up to handle electrical and electronic waste items, and may prohibit or restrict how such items are disposed of. Check the laws and regulations for your areas to determine how to properly dispose of such items. Contact your regional authorities for more details.
