Wear full fire fighting equipment and self contained breathing apparatus.  
Fire-fighters may enter the area if positive pressure SCBA and full Bunker Gear is worn.

## SECTION 6. ACCIDENTAL RELEASE MEASURES

### Personal Precautions, Protective Equipment, and Emergency Procedures

Increase ventilation to area or move leaking container to a well-ventilated and secure area.  
Eliminate all ignition sources. Use grounded, explosion-proof equipment.  
Wear protective gloves and eye protection as a precaution.  
Wear a NIOSH approved air-purifying respirator with an organic vapour cartridge.

### Environmental Precautions

Do not allow into any sewer, on the ground or into any waterway.  
If the spill is inside a building, prevent product from entering drains, ventilation systems and confined areas.  
Minimize the use of water to prevent environmental contamination.

### Methods and Materials for Containment and Cleaning Up

Place used absorbent into suitable, covered, labelled containers for disposal.

## SECTION 7. HANDLING AND STORAGE

### Precautions for Safe Handling

Do not get in eyes, on skin or on clothing.  
Do not spray on an open flame or other ignition source. Do not pierce or burn container, even after use.
