# CLEARLINE

---

Clearline Appliances Limited started its operation in the year 1988. The company was the first to introduce the soda making machine under the brand name 'Merri Mix' with highly superior and sophisticated technology, and know-how from Great Britain. The machine was further upgraded using technology from Sweden under the name 'The Drink Maker'. The Drink Maker became a the flagship product of the company due to its immense popularity, high standards of quality & became generic with the name of the company.

The success story of Clearline, because of innovation, quality and technological superiority of the products manufactured, was recognized by the Ministry of Industries, Govt. of India by conferring the Entrepreneur of the Year Award to Mr. Sanjay Mehtani, Director by the then Hon. President of India, Sh. Shankar Dayal Sharma.

Clearline now manufactures an array of innovative kitchen and home appliances such as Dough Makers, Room Heaters, Coffee Makers, Soda Maker, Electric Kettles, Food Choppers, Rice Cookers, Charcoal BBQ and Electric Grills etc. Clearline represents the next generation of appliances with international quality, trendsetting design and state of the art technology. Our quality stems from the result of meticulous selection of components and know-how from the best, around the world.
