

Instruction Manual

Sensory Table

LEGS WITH SCREW 4 NOS

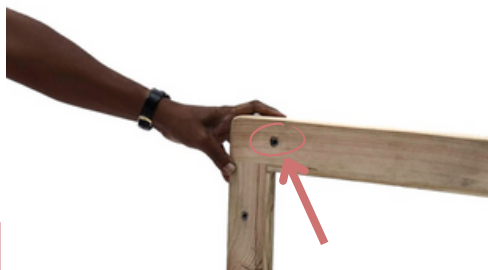

Note

- We suggest 1 or 2 people take charge of the assembly.
- Assembly takes 10-15 minutes.
- Involve your child in the assembly as this will give them a sense of belonging and will warm the child towards the Sensory Table.
- Unwrap the Sensory Table parts and place it as shown in the image for convenient assembly.
- Secure all screws and knobs mildly during assembly. Tighten after you complete the assembly.

Step - 1

In the bottom of the **table frame** locate the screw holes. (as shown in pic)

Step - 2

Take the **leg with screws** and gently screw them to the **table frame**.

Step - 3

Repeat the same with other legs

Step - 4

Place the paper holder adjacent to the leg screw hole as shown in the circled image.

Step - 5

Gently secure them with given two screws using Allen key.

Step - 6

Place the paper roll with rod in the paper holder

Step - 7

Place both stainless bins in the table frame as shown in the image

You will find 4 bushes that are attached at the bottom of the legs. you can adjust this when the surface is uneven.

Your Sensory Table is ready for exploration.

Thank you for getting me home!
