

To whom it may concern,

Thank you for expressing an interest in our Christmas fundraiser "**Grow Your Own Christmas Tree Kits**". Enclosed in this package is a copy of the forms required to get you on your fundraising way! We have kept the **process of fundraising as simple as possible**, with only 3 forms required (see below).

Our best-selling Grow Your Own Christmas Tree Seed Kits represents a **\$5 profit for your club/school for each kit sold**. This is our most popular fundraising option for schools, day care centres, sporting clubs and community groups.

Once your final order is placed. the school/club will be invoiced for the total amount of kits ordered at \$5 per unit, with **30-day payment terms**.

---

#### **Form1 INITIAL ORDER FORM FOR INDIVIDUAL FUNDRAISER**

Sent home with each fundraiser/ child to assist with keeping track of sales.

#### **Form2 SALES RECORDING DOCUMENT**

Sent home with the child/ fundraiser and is returned to school/club once completed by the fundraiser, with the total amount of kits required and payment.

#### **Form3 FINAL ORDER FORM**

To be completed by the school/club and emailed to [info@dhseedharvestco.com](mailto:info@dhseedharvestco.com) with the total amount of kits required.

## Why Grow your own Christmas Tree?

1. **Personal Tradition:** Growing your own Christmas tree from seed can become a unique and cherished family tradition, creating lasting memories and a sense of togetherness.
2. **Environmental Impact:** By nurturing your tree from seed, you contribute to reforestation efforts and reduce the carbon footprint associated with cutting down and transporting trees.
3. **Educational Experience:** Watching a tree grow from a tiny seed into a majestic tree offers an educational opportunity to learn about the life cycle of plants and the importance of caring for the environment.
4. **Customisation:** You have control over the tree's size, shape, and species, allowing you to choose a tree that perfectly fits your home's space and your decorating preferences.
5. **Connection to Nature:** Nurturing a tree from its earliest stages connects you to nature and fosters a sense of responsibility for the environment, promoting sustainable practices.
6. **Cost Savings:** Growing your own tree can be more cost-effective in the long run compared to purchasing a pre-cut tree every year, especially if you plan to celebrate Christmas for several years.
7. **Personal Satisfaction:** The sense of accomplishment and pride you feel as you see the tree you've nurtured taking centre stage in your holiday celebrations can be incredibly rewarding.
