## Brut Reserve NV Suffolk, England.

### The Vineyard

Situated on an ancient glacial riverbed, our 19-acre vineyard grows upon fertile sandy loam soil over gravel to produce quality grapes, high in natural sugars and acids, which lend themselves particularly well to sparkling and still wines. It's this special terroir which gives our wines their dry flinty quality and delicate floral accents.

The vineyard was planted around 25 years ago and the vines are now in their prime.

### Tasting Notes

One of our best selling sparkling wines, the Brut Reserve NV is a house blend from our barrel-aged reserves. It sits on its lees from a minimum of 11 months before its bottled. Gently refreshing with a lovely mouthfeel, It has a soft fruit character redolent of red apples and subtle spice.

### Pairings

As an aperitif, or pair with soft, creamy cheeses for a palate-cleansing effect.

Price £23.50
