COFFEE

Freshly ground intense flavour coffee with taste notes of cocoa nibs, muscovado sugar & roasted hazelnut. lovingly made by our trained baristas.

Not a fan of strong coffee? Just ask for 1 shot. You can also have any of our coffees made with our Fairtrade, Organic decaf blend which is still full of flavour but without the boost.

100% of our coffee is ethically sourced with every single cup helping the communities where it is grown with education, child labour elimination, female equality and climate change prevention. Of course, it's Rainforest Alliance Certified too.
