# DESIGN & DURABILITY DISCOVER THE BEAUTY AND FUNCTIONALITY OF JAPANESE DESIGN

SETAMONO

As a family-owned business with 25 years of global experience in hospitality operations and supply, Setamono Japan Made, has access to world-leading kitchenware and ingredients suppliers in Japan and enjoys exclusive relationships with many of them.

We offer impressive direct import discounts and a door-to-door delivery service with preferential shipping rates. You can even custom design your own branded tableware for a truly bespoke look and feel.

African clients include leading brands such as The Test Kitchen (formerly #1 in Africa), TTK, Thali, Chefs Warehouse, Kolonaki Greek Kouzina, Modena Italian, The Blockman, Kol Izakhaya, TANG Cape Town & Johannesburg, The Homestead and La Colombe.

Global clients span Saudi Arabia, Qatar, Turkey, Italy, Russia, UK, USA, Austria and Oman.

## UNIQUE & DURABLE TABLEWARE

Known for their beauty, functionality, quality, and unique glazes, Japanese ceramic ware will showcase your brand's commitment to providing an exceptional dining experience and attention to detail in every aspect.

Japanese ceramics are also renowned for their durability, which makes them a truly cost-effective and long-lasting investment for any operator.

Crafted by skilled artisans and made using traditional techniques that have been passed down for generations, the tableware adds a touch of exclusivity to all dining concepts and cuisines – from premium steakhouses, Mediterranean concept restaurants, to fusion fine-dining restaurants alike.

Either select from our ever changing products from our online store or retail store in Cape Town, or hand-pick your selection from an extensive range of authentic online wholesale catalogues.

# UNIQUE INGREDIENTS

We pride ourselves on delivering exactly what your Chef's menu and vision is with quality authentic Japanese ingredients for your restaurant - whether in small quantities or large.

We currently offer a wide range of ingredients such as Japanese Koshihikari short grain white rice from Niigata prefecture, grated wasabi paste, wasabi salt, wasabi oil, yuzu juice and yuzu barley miso, miso soup base pouches, organic sesame and yuzu peel furikake and many others, that are used not only in Asian cuisine but in many fusion dishes.

Our strong, long-standing relationships with suppliers ensure we have access to unlimited manufactures in Japan and are able to source anything you have in mind, so you can truly differentiate and provide only the best, most unique dining experience to your guests.

# TABLETOP GRILLS & ACCESSORIES

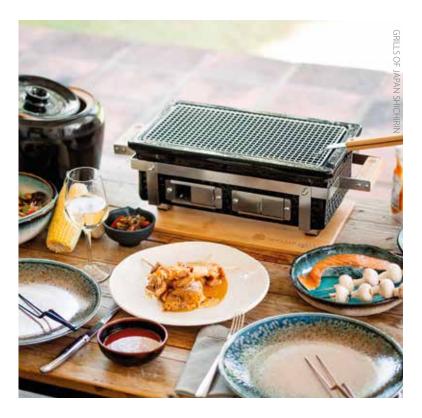

From hibachi to shichirin to konro, our sought-after tabletop grills and accessories cater to all restaurant sizes and guest experiences.

Easy to carry, clean and use, their portability makes them an excellent choice for adding theatre and interactivity to the overall dining experience at your guests' tables. Otherwise, offering a creative and flexible solution for kitchens with limited space or long distances between the pass and the table.

Alternatively, take a hibachi to remote destinations for a dining experience like no other - perhaps a romantic dinner on the beach or in the middle of the African bush.

Although compatible with standard charcoal, these grills ideally make use of reusable white binchotan charcoal, which is odour and smoke-free, burns for considerably longer than regular charcoal, creates even heat distribution, and is easy to extinguish and reuse. Setamono offers both Japanese binchotan or locally-produced African binchotan.

Used by top restaurants and by Michelin-star chefs around the world, over and above their incredible functionality, our tabletop grills are eye-catching and impressive, and will give your guests a truly memorable and engaging dining experience.

## LUXURY LIFESTYLE PRODUCTS

Our artisan and luxurious Japanese home range spans hand, face and body towels, bath mats, bed throws, pillowcases, napkins, placemats, dishcloths and tea towels; all of which are produced by Maruyama Fiber Industry Co. Ltd and can be custom-branded in simple and elegant plastic-free packaging.

The woven fabrics are perfect for people with sensitive skin since they are 100% naturally made with no dyes or chemicals. Their super absorbent, quick-drying properties are ideal for the bedroom, bathroom or kitchen and the Binchotan Charcoal and Persimmon infused products are naturally antibacterial and anti-odour.

Our range of 100% organic Konjac Facial Sponges are sustainably-packaged, vegan and naturally alkaline with a pH of 8.4, to maintain the skin's balance without creating any irritation. Available in eight different natural infusions and the card boxes can be beautifully custom printed to suit your look and feel. A unique and thoughtful in-room gift for your guests to both appreciate while away and benefit from at home.

Add a warm and wonderful aroma to your communal spaces and bedrooms, with The Daily Incense range by Trunk Design – produced by artisans on Awaji Island in Japan. Available in 10 soothing, beautiful scents.

## CUSTOM BRANDED GLASSWARE

Make a positive move away from plastic and create your own premium custom branded water solutions with our innovative, eco-friendly and sustainable glassware options made from high-quality borosilicate glass - a much more memorable, sustainable and durable alternative to plastic bottles of water.

KURO-Bo binchotan water filters can be used with either tap water, spring water or borehole water, and are made using a traditional Japanese technique. The charcoal filters can be paired with your own existing glassware, or a bespoke branded range that we can carefully curate with you.

Whether it's a discreetly-branded 550ml glass bottle with a bamboo lid for individual guests on a game drive or to take on a flight home, 2L filter jugs for the restaurant or bedside table, or an 8L water dispenser on an elegant bamboo stand for the spa, reception or gym, it's

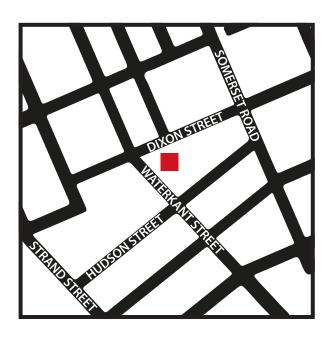

the perfect way to promote your brand's sustainability credentials while offering a unique, aesthetically pleasing and health-conscious water solution for your guests. Stand out from the crowd and be an industry-changer.
