M I O H A R U T A K A

About Mio

Pieces are inspired by time spent in nature, along with a playful take on animals throughout the collection. Mio designs to bring her customers joy.

Mio launched the collection with a single item - the Bunny Ring, which she designed for her 20th birthday.

Under the influence of her mother, who is also a jewelry designer, Mio's interest in jewelry design flourished.

Designer Mio Harutaka founded her namesake label 10 years ago in 2011. Born to creative parents and surrounded by art since she was a child, Mio grew up with a strong interest in nature and the arts.

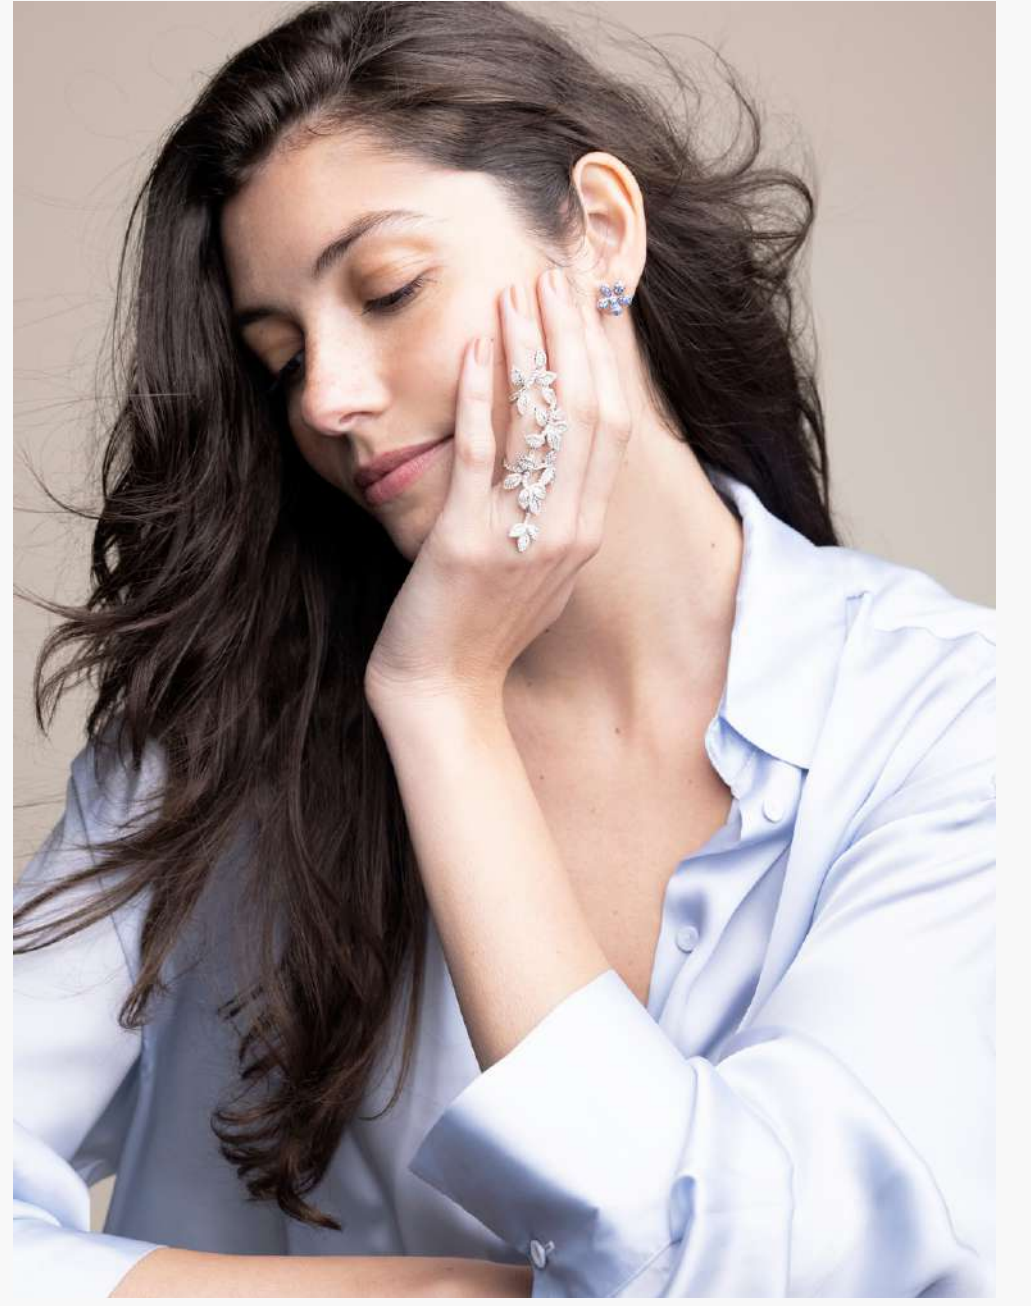

Diamonds For Peace

On Earth day, April 22nd, 2020, Mio Harutaka began donating a portion of sales to Diamonds for Peace, a non-profit organization dedicated to improving the working conditions and social status of the mine and gem production workers in Africa and other developing regions within the diamond supply chain.

Mio's goal is to shift the value and meaning of purchasing jewelry from being just about fashion, emotion, and allure. It is an act of creating and sharing a story, and of contributing to the sustainable and enriching social cycle.
